1.1 • AWARD OF BID FOR PUBLIC WORKS PROJECT NO. 10-2, STREET RESURFACING - VARIOUS STREETS

Public Works Director Lisa Rapp displayed slides and presented a report based on the memo in the agenda. She stated ten bids had been received for a project to repave segments of seven streets, including: Arbor Road, Ashworth Street, Carson Street, Del Amo Boulevard, Downey Avenue, Palo Verde Avenue, and South Street. She noted that agreements had been reached with the cities of Cerritos and Long Beach to reimburse for the small portions of the project that were in their cities. She reported that the project would be primarily funded by Federal funds, with the remainder supplemented by State Proposition C and Measure R funds. Construction would be scheduled to begin near the end of January and be completed in May. It was the recommendation of staff that the City Council adopt the plans, specifications and working details for the Seven Street Segments Pavement Rehab – PW Project 10-02; award a contract to the low bidder, All American Asphalt in the amount of $2,857,857.00; authorize staff to approve a cumulative total of contract change orders, as needed, not to exceed $300,000; authorize staff to approve a Willdan proposal for construction management, under their existing agreement, in the amount of $360,180; authorize the use of Measure R funds in the amount of $550,000 and Proposition C funds in the amount of $1,300,000.

Council Member Rogers inquired if in light of the favorable pricing, it would be feasible to expand the scope of the project. Ms. Rapp responded by stating although there were other paving segments that might be considered for such a project, it was not feasible to expand the scope of this project due to the extensive reporting and auditing requirements necessitated by the use of Federal funds.

2.1 • UPDATE TO GOVERNMENTAL FUND BALANCE POLICY
Administrative Services Director Diane Perkin made a presentation based on the memo in the agenda and stated that changes in Federal GASB regulations necessitated an update to the City’s Governmental Fund Balance Policy. It was the recommendation of staff that the City Council approve the updated Governmental Fund Balance Policy and adopt the proposed resolution establishing the related Commitments within the Policy.

RESOLUTION NO. 2011-59; A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LAKEWOOD ESTABLISHING GOVERNMENTAL FUND BALANCE POLICY AS REQUIRED BY GASB 54, AND IDENTIFYING RELATED COMMITTED FUNDS

Responding to a question from Council Member Croft, Ms. Perkin confirmed that this was basically an effort to make all agencies’ financial reporting uniform, but would not substantially change the City’s manner of reporting.

VICE MAYOR DUBOIS MOVED AND COUNCIL MEMBER ROGERS SECONDED TO APPROVE THE POLICY AND ADOPT RESOLUTION NO. 2011-59. UPON ROLL CALL VOTE, THE MOTION WAS APPROVED:

AYES: COUNCIL MEMBERS: Rogers, Croft, Wood, DuBois and Van Nostran

Recreation and Community Services Director Lisa Litzinger displayed slides and gave a presentation based on the memo in the agenda. She reviewed some of the special programs available over the holiday season, including events for seniors such as the Senior Holiday Luncheon and Winter Wonderland Party; classes for special holiday cooking and decorating; activities for students on winter break, such as craft projects and movies; and the holiday party for Special Olympians.
3.1 • HOLIDAY RECREATION PROGRAMS - Continued
Council Member Croft made note of the Lakewood Special Olympians and their recent successes at the State competitions.

3.2 • COMPREHENSIVE ANNUAL FINANCIAL REPORT
The Director of Administrative Services made a presentation based on the report in the agenda and stated the Comprehensive Annual Financial Report which was compiled by the Administrative Services Department and audited by the certified accounting firm of White Nelson Diehl Evans LLP, was a set of the City’s financial statement. She advised that the report demonstrated that the City of Lakewood was in a strong fiscal condition, with revenues slightly larger than expected due to an increase in sales tax revenues. It was the recommendation of staff that the City Council receive and file the Comprehensive Annual Financial Report for the fiscal year ending June 30, 2011.

Council Member Rogers commented on the positive nature of the report which was surprising considering the state of the economy. He commended the staff for decreasing expenses and ending the fiscal year in better shape than when it started. He stated that the increase in sales tax revenues was especially heartening.

The Director of Administrative Services displayed slides and gave a presentation based on the memo in the agenda. She stated the stage used for City events had become unserviceable after more than 25 years of use and the purchase of a new stage was recommended. Based upon research and recent rental experience, staff had identified the ShowMaster Sound Shell Stage as the best fit for Lakewood events. The suggested model required significantly fewer staff members and less time to complete the set up than the previous stage and was handicapped accessible. It was the recommendation of staff that the City Council authorize the purchase of a ShowMaster Sound Shell Stage from Century Industries, LLC, in the amount of $158,380.00.

Responding to a question from Mayor Van Nostran, Ms. Perkin advised that delivery of the unit could be expected in approximately three months.

3.4 • AGREEMENT WITH CALIFORNIA DEPARTMENT OF TRANSPORTATION FOR RELINQUISHMENT OF STATE ROUTE 19, LAKEWOOD BOULEVARD

The Director of Public Works made a presentation based on the memo in the agenda. She reported that Lakewood Boulevard, which spanned the length of the City from its north to south borders, had been under the jurisdiction of the California Department of Transportation (Caltrans). Staff had come to a preliminary agreement with Caltrans for the relinquishment of Lakewood Boulevard, thereby relieving the City of the necessity of submitting all projects involving Lakewood Boulevard for review and approval by Caltrans, a very lengthy and labor-intensive process. She stated that Willdan, a consultant for the City, had inspected and developed a needs assessment and cost estimate for the relinquishment. Caltrans had offered the City $574,000, to be paid in their 2015 budget, which would cover the cost of future ADA improvements to be included in the next major project on Lakewood Boulevard. It was the recommendation of staff that the City Council approve an agreement with Caltrans for the purpose of relinquishing jurisdiction of Lakewood Boulevard to the City of Lakewood.

Council Member Rogers stated that he supported the relinquishment even though it would mean some additional costs to the City, as controlling Lakewood Boulevard would mean it could be maintained up to the same standards as the other roadways within the City.

Council Member Croft noted that this had been in the works for some time and that completing the relinquishment would mean no more project time lost waiting for Caltrans approvals.
