1.1 • BUDGET FOR FISCAL YEAR 2009-2010
City Manager Howard Chambers displayed slides and gave a presentation on the proposed budget for fiscal year 2009-2010. He stated that budget preparation was a six-month process entitled “Planning for the future in difficult times.” He noted that with the new economic challenges, even an adopted budget required constant re-evaluation. He thanked the Department Heads for their grasp of the process and what was necessary to achieve a workable budget, and for their creative and innovate suggestions. He commended the Administrative Services as, even with a number of staff changes in key positions and a relatively new computer system, they had produced the budget in a timely manner. He reviewed the challenges and changes experienced throughout the budget preparation process, including the rapidly increasing State deficit and worsening budget outlook; the housing crash; increasing unemployment; and declining sales tax revenues. He outlined the focus areas for the budget including: securing stable fiscal resources; growing the Lakewood economy; holding on to local authority; preserving Lakewood’s infrastructure; meeting housing needs; preserving neighborhood quality of life; fostering a sense of community; protecting the environment; and keeping Lakewood safe. He also reviewed Revenues and Expenditures; Appropriations; City Operations; Contract Services; Revenues; a possible $5.9 Million in Stimulus funding; proposed Capital Projects; and State Threats. He concluded by recommending that following a public hearing, the City Council take action through the resolutions and contracts presented, to adopt the proposed budget for fiscal year 2009-2010 in the amount of $70,734,942.

Captain Christy Guyovich, Commander of the Lakewood Sheriff Station, stated that the Public Safety budget, as presented, would provide the necessary resources to keep Lakewood residents safe. She reported that the current proposed funding would allow for the continued deployment of Team Lakewood and their efforts to aggressively fight crime throughout the City. She noted that morale among the Team members was high and that they were proud to serve the residents of Lakewood. She also noted that Part I crime was down 17 percent.

Council Member Van Nostran commended the staff for the outstanding work on the budget. He noted that in an economic time when agencies across the nation were struggling, the staff had worked to put Lakewood in a position to continue to provide services for our residents.

Council Member DuBois stated the City Council felt fortunate to have staff that really wanted the best for Lakewood.
1.1 • BUDGET FOR FISCAL YEAR 2009-2010 - Continued
Vice Mayor Esquivel remarked on the great job done on the budget, especially in light of the new members of the Executive Management Team.

Council Member Croft stated that the staff had done well to address the concerns raised by Council Members throughout the budget process. He further stated that hard work had gone into maintaining revenue sources and living within conservative means, so that when financial pressure was on there were fewer budgetary corrections needed.

Mayor Rogers acknowledged the efforts of previous City Council Members to establish Lakewood’s long history as a fiscally conservative city. He thanked his colleagues for working to protect Lakewood’s residents and the quality of life here. He also thanked Captain Guyovich and Team Lakewood for their dedication to residents’ safety and for using the provided funding wisely. He noted that State government could learn a lot by following the example of local government.

Mayor Rogers opened the public hearing at 8:10 p.m. and called for anyone in the audience wishing to address the City Council on this matter. There was no response.

NAYS: COUNCIL MEMBERS: None
1.2 • AMENDMENTS TO PERMIT FEES UNDER THE UNIFORM BUILDING, PLUMBING, ELECTRICAL AND MECHANICAL CODES

Community Development Director Jack Gonsalves made a presentation based on the memo in the agenda and stated a review of the fees charged for permits, inspections and plan check services had shown that not only were Lakewood fees significantly lower than other local cities and the Los Angeles County fees, but were too low to cover the cost to provide the actual service. The proposed fee increase would not bring fees up to the level charged by other agencies, but would cover the cost for the contract services provided by County building inspectors and plan checkers. It was the recommendation of staff that the City Council adopt the proposed resolution to increase plan check, building, plumbing, electrical, mechanical, grading and other miscellaneous permits by 11 percent, effective September 1.

Mayor Rogers opened the public hearing at 8:14 p.m. and called for anyone in the audience wishing to address the City Council on this matter. There was no response.

2.1 • RESOLUTION CHALLENGING THE CONSTITUTIONALITY OF STATE SEIZURE OF LOCAL STREET MAINTENANCE AND REDEVELOPMENT FUNDS

Deputy City Manager Lisa Novotny made a brief presentation based on the memo contained in the agenda and reported that the Governor’s proposed budget for fiscal year 2009-2010, included a proposal to transfer local gas taxes to the State general fund, jeopardizing the ability of cities to maintain streets, bridges, traffic signals and other traffic safety facilities. The seizure of redevelopment tax increment funding was also included in the Governor’s proposal. She stated the City had been asked to join with the League of California Cities, the California Redevelopment Association, and other cities and counties in supporting litigation challenging the constitutionality of the seizure of local funds.

City Attorney Steve Skolnik stated that although the proposed resolution speaks of supporting litigation, there were no specific financial resources committed, and that should that become necessary, a proposal would be brought back to the City Council for approval.
