1.1 • DENSITY BONUSES IN THE MFR ZONE
Director of Community Development, Chuck Ebner, presented an oral report based on the memorandum in the agenda packet and reported that during the approval process for Lakewood’s Housing Element, the California Department of Housing and Community Development (HCD) had required that the City’s municipal code be amended to include provisions for density bonuses consistent with State law. The proposed ordinance, which was based on the HCD model ordinance, had been reviewed by the Planning and Environment Commission and had been found to have no significant effect on the environment. It was the recommendation of the Planning and Environment Commission that the City Council hold a public hearing, introduce the proposed ordinance and approve the Negative Declaration.

ORDINANCE NO. 2004-1; AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF LAKewood AMENDING THE LAKewood MUNICIPAL CODE AND THE ZONING ORDINANCE PERTAINING TO DENSITY BONUSES, LAKewood, CALIFORNIA

Council Member Piercy commended the Planning and Environment Commission for their work on the ordinance but expressed concern that such mandates from HCD were stripping away local controls.

Council Member Wagner, noting that the model ordinance was the HCD interpretation of State law, questioned the minimum square footage for target units and target unit open space. Mr. Ebner responded by stating that the minimum square footage for target units was based upon Lakewood’s current minimum standard for senior housing. Assistant Planner Paul Kuykendall provided the square footage numbers for the target unit and non-target unit open space areas, noting that common open space would be provided by the non-target units.

Council Member Wagner expressed concern about the resale or rental of target units and inquired if such provisions were included within the ordinance. Mr. Ebner responded by stating that since any project subject to density bonuses would require a development agreement, resale and rental provisions could be included therein.
1.1 • DENSITY BONUSES IN THE MFR ZONE - Continued
City Attorney John S. Todd advised that the City could probably restrict target units to owner occupation only or restrict rental only to qualified low-income tenants and that such provisions could be contained in either the ordinance or a development agreement.

Council Member Wagner stated that he felt the issue was important enough that it should be part of the ordinance.

COUNCIL MEMBER WAGNER MOVED AND COUNCIL MEMBER PIERCY SECONDED TO REFER THE PROPOSED ORDINANCE BACK TO THE PLANNING AND ENVIRONMENT COMMISSION. THERE BEING NO OBJECTION, IT WAS SO ORDERED.

1.2 • EMERGENCY SHELTERS
The Community Development Director presented an oral report based on the memorandum in the agenda packet and reported that during the approval process for Lakewood’s Housing Element, the California Department of Housing and Community Development (HCD) had required that the City’s municipal code be amended to include provisions for the establishment of emergency shelters. The proposed ordinance, which contained a definition of and development standards for emergency shelters, had been reviewed by the Planning and Environment Commission and had been found to have no significant effect on the environment. It was the recommendation of the Planning and Environment Commission that the City Council hold a public hearing, introduce the proposed ordinance and approve the Negative Declaration.

ORDINANCE NO. 2004-2; AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF LAKEWOOD AMENDING THE LAKEWOOD MUNICIPAL CODE AND THE ZONING ORDINANCE PERTAINING TO EMERGENCY SHELTERS, LAKEWOOD, CALIFORNIA

Vice Mayor Rogers noted that the proposed ordinance did not address parking for the mobile homeless living out of a vehicle. Mr. Ebner stated that the vehicle parking provisions in the ordinance had been intended to provide for the staff of the emergency shelter and had not taken the mobile homeless into consideration. He noted that an emergency shelter use required the issuance of a Conditional Use Permit and additional parking provisions could be required through that process.

Vice Mayor Rogers stated that he felt those type of provisions should be contained within the ordinance and that he would like to see numbers supported by statistics from operating shelters.

VICE MAYOR ROGERS MOVED AND COUNCIL MEMBER WAGNER SECONDED TO REFER THE PROPOSED ORDINANCE BACK TO STAFF.
1.2 • EMERGENCY SHELTERS - Continued

UPON ROLL CALL VOTE, THE MOTION WAS APPROVED:

AYES: COUNCIL MEMBERS: Piercy, Rogers, Van Nostran, Wagner and Esquivel

1.3 • AWARD OF BID FOR PURCHASING BID 03-5, PARKING CITATION SYSTEM

Larry Schroeder, Director of Finance, presented an oral report based on the memorandum in the agenda packet and stated it was necessary to replace the current parking citation system, which was more than 15 years old and incompatible with Windows-based technology. The Purchasing Officer solicited formal bids for a replacement system and received three responses. Following analysis of the bids, it was the recommendation of staff that the City Council authorize the purchase of a Parking Citation System from T2 Systems, Inc. in the amount of $72,806.23 and additional process systems to enhance the system performance totaling $15,220.77 from select vendors, and appropriate $88,027 from the General Fund for the purchase. He noted that working closely with the vendor to fine tune the system could reduce costs.

Mayor Esquivel opened the public hearing at 8:08 p.m. and called for anyone in the audience wishing to address the City Council on this matter. There was no response.

COUNCIL MEMBER VAN NOSTRAN MOVED AND VICE MAYOR ROGERS SECONDED TO APPROVE STAFF’S RECOMMENDATION AND AUTHORIZE THE EXPENDITURES. UPON ROLL CALL VOTE, THE MOTION WAS APPROVED:

AYES: COUNCIL MEMBERS: Piercy, Rogers, Van Nostran, Wagner and Esquivel

2.1 • SUPPORT FOR LOCAL TAXPAYERS AND PUBLIC SAFETY PROTECTION ACT

Assistant City Manager Michael Stover presented an oral report based on the memorandum in the agenda packet and reported that the Intergovernmental Relations Committee had reviewed the Local Taxpayers and Public Safety Protection Act, an initiative for the November 2004 statewide ballot. The proposed act would require voter approval before the sales tax, property tax or vehicle license fee revenues of cities, counties or special districts could be reduced. The initiative would also clarify the State’s duty to reimburse costs of mandated programs. He noted that according to State law, the City could not spend funds to support the initiative, but could take a position for or against.
2.1 • LOCAL TAXPAYERS AND PUBLIC SAFETY PROTECTION ACT - Continued

Council Member Wagner stated that the State Legislature seemed to look on local funds as a way for the State to recover when they spend too much. He noted that the new Governor’s budget included diversions of local funds, at a time when very few local agencies have any excess to accommodate more cuts. He concluded by stating that it was time to take a stand and let the electorate decide.
