Chemical at an anticipated cost of $22,125.

Deputy City Manager Sandi Ruyle gave a brief oral presentation based on the memorandum in the agenda packet and reported that Lakewood’s 2001 entitlement for the Citizen’s Options for Public Safety grant would be $162,198. She advised that the funds could be used for front line law enforcement services and must be appropriated pursuant to written requests from the Station Captain and the City Manager.

Lieutenant Mike Rothans presented Captain Robert Osborne’s recommendations for expenditure of the COPS grant funds. He stated that the proposed, mission specific projects were the Summer Park and Bike Patrol, a thirteen-week program which would provide two deputies to patrol all City parks; and Enhanced Criminal Enforcement and Suppression, a program which would be established to address specific crime trend issues within the City such as robbery and burglary suppression or traffic enforcement. He noted that also included in the recommendation was the inclusion of the cost of liability insurance for the mission specific projects.

Ms. Ruyle stated that the Public Safety Committee had reviewed the recommendations and found that the recommendations of the Captain and City Manager would enhance the City’s current law enforcement program. She concluded by recommending that the City Council hold a public hearing, approve the recommended programs, and direct the Finance Director to appropriate the funds to the Supplemental Law Enforcement Services account.

Responding to a question from Council Member Esquivel, Ms. Ruyle stated that the park bike patrol was a full-time, seven-day assignment during the summer season.

It was the recommendation of staff that the City Council approve the Memorandum of Understanding with the Los Angeles County Sheriff’s Department.

Responding to a question from Council Member Piercy, Ms. Ruyle stated that this was the first year the CLEEP funding had been available and that Sheriff Baca had been instrumental in getting the State to fund the grant.
