Staff had verified that the low bidder was properly licensed for the work and was recommending that the City Council approve the plans and specifications for the project, award the contract to L.A. Signal, Incorporated in the amount of $54,215, and authorize staff to approve a cumulative total of change orders in an amount not to exceed $10,000.
1.4 • AWARD OF BID FOR PUBLIC WORKS PROJECT NO. 01-7, TRAFFIC SIGNAL LEFT TURN PHASING - Continued

Responding to a question from Vice Mayor Van Nostran, Mrs. Rapp stated that the only major equipment to be replaced would be the poles, that the controllers and conduit would be reused.

Council Member Rogers questioned the size of the change order authorization, noting that it was a significantly higher percentage than normal. Mrs. Rapp responded by stating that since the plans called for the conduit and controllers to be reused, extra work could be required if unexpected conditions were discovered upon removal of the existing poles.

Responding to a question from Council Member Esquivel, Mrs. Rapp stated that the cost of installing left-turn phasing varied greatly from any given intersection to another based upon design and whether any existing equipment was reusable.

Mayor Wagner inquired if staff had looked at left-turn phasing for the intersection of South Street and Bellflower Boulevard. Mrs. Rapp responded by stating that while past reviews had indicated that the intersection did not meet traffic warrants for left-turn phasing, staff had plans to take another look at the intersection.

The Public Works Director gave a brief oral presentation based on the memorandum in the agenda packet and reported that the project to rehabilitate the alley west of Lakewood Boulevard between Candlewood Street and Del Amo Boulevard had been completed. She noted that the area between Del Amo and Hardwick had been reconstructed with concrete cement pavement, while the area between Hardwick and Candlewood had been reconstructed and overlaid with rubberized asphalt concrete. She advised that the project had been funded by the Lakewood Redevelopment Agency and that $56,771 in additional funding was necessary to cover the complete cost of the project, including compaction and materials testing and project design. It was the recommendation of staff that the City Council accept the work performed by Kalban, Incorporated and authorize the filing of a notice of completion in the amount of $307,638; adopt Resolution No. 2001-76 approving the Fourth Amendment to Reimbursement Agreement for the Construction of Public Improvements to increase the funding level for the project from $285,000 to $341,771; and appropriate $56,771 from the general fund to complete funding for the project.

3.1 • EXTENSION OF AGREEMENT WITH PACIFIC HEALTH AND SAFETY CONSULTING, INC.
Deputy City Manager Sandi Ruyle gave a brief oral presentation based on the memorandum in the agenda packet and stated the City Council had previously approved an agreement with Pacific Health and Safety Consulting, Inc. to audit the City’s policies, plans and operations for employee safety. The proposed extension of the agreement would provide for a contract Senior Industrial Hygienist/Safety Engineer who would be on-site one day per week. This Safety Engineer would serve as a resource to all departments and the City’s Safety Committee and would provide training, ongoing audits, as well as keep the City apprised of any changes to regulations, environmental compliance and legislation relating to worker safety. It was the recommendation of staff that the City Council amend the agreement with Pacific Health and Safety Consulting, Inc. to encompass a Phase II with the tasks contained in the agenda report and appropriate $26,000 to extend the contract through June 30, 2002.

Council Member Piercy inquired if the time contracted for would be sufficient to meet all the City’s needs. Ms. Ruyle responded by stating that this was a pilot program and that once past the initial learning curve, staff may actually need less of the consultant’s time.

Ms. Ruyle also responded to a question from Council Member Rogers by stating that this was the first time outside expertise had been sought in this area.

COUNCIL MEMBER ESQUIVEL MOVED AND COUNCIL MEMBER PIERCY SECONDED TO APPROVE STAFF’S RECOMMENDATION. UPON ROLL CALL VOTE, THE MOTION WAS APPROVED:

3.2 • SCHOOL DISTRICT FORMATION COMMITTEE STATUS REPORT
Council Member Rogers reported that the School District Formation Committee had been altered from a committee-of-the-whole to an ad hoc committee consisting of himself and Mayor Wagner. The committee had begun reaching out to the four school districts to indicate an ongoing commitment to improving Lakewood schools by working together and putting past battles aside. He reported on the initial meetings with the individual districts stating the ABC Unified had indicated that they would support a new Lakewood district only if it did not impact their own district in any way; that Paramount Unified had no interest in cooperation although very few Lakewood residents in their district even used their services; Long Beach Unified had indicated a willingness to meet and work toward a new district if the scope was smaller and did not include any City of Long Beach territory and a consultant was utilized; finally, Bellflower Unified had indicated a strong interest in a combined Lakewood/Bellflower district, viewing an inter-district territory transfer as a more attainable option. He concluded by stating the Committee would be meeting with the district again at the end of the month and were looking at potential consultants. The Committee would be reporting back to the City Council with concrete suggestions in the very near future.

Council Member Piercy inquired if there was any indication that the four districts might be willing to meet as a group. Council Member Rogers stated that although it could be advantageous for the City to have all the districts sit down together, it seemed quite unlikely at this point.

Mayor Wagner noted that although ABC Unified had stated they were not interested in any proposal that would affect them, they had indicated that they were willing to talk about changes to their internal operations that would improve service to Lakewood students.

Council Member Piercy asked if there were any meetings planned to receive input from the community. Council Member Rogers responded by stating that the Committee had met with the Lakewood Unified School District Organizing Committee regarding the direction of the City’s efforts and expressed that improving schools continued to be a priority.

At 8:27 p.m., the Regular Meeting of the City Council was recessed for the Meeting of the Lakewood Redevelopment Agency. At 8:34 p.m., the City Council Meeting was reconvened.

ORAL COMMUNICATIONS:

CLOSED SESSION:

Initiation of Litigation Pursuant to Government Code §54956.9(c) in One Case
Mayor Wagner stated that based upon the confidential written report of the City Attorney, the City Council would adjourn to a closed session to confer with and receive advice from its legal counsel pursuant to Section 54956.9(c) of the Government Code pertaining to its decision to initiate litigation in one case.

At 9:50 p.m., Mayor Wagner reconvened the meeting with all members present and stated that the City Council had met in closed session to receive facts and consider circumstances pertaining to its decision to initiate litigation in eminent domain proceedings against Peerless Water Company and had given its attorney instructions.

ADJOURNMENT
There being no further business to be brought before the City Council, Mayor Wagner adjourned the meeting at 9:51 p.m. in memory of Jim Smith and Jo Bennitt.

Respectfully submitted,

Denise R. Hayward, CMC
