## Attachment 11 - Small Wireless Facilities Evaluation Worksheet

Instructions: Complete the following worksheet. Provide all height measurements in feet and all volume measurements in cubic feet.
(1) What is the overall height of the existing structure? $\qquad$
(2) What is the overall height of the proposed structure? $\qquad$
(3) What is the overall height of the proposed structure with any proposed extensions?
(4) What is the overall height of the nearest adjacent structure of the Same classification (e.g. pole, tower, base station, building) as the proposed structure?
$\qquad$
$\qquad$
(5) Provide the quantity and applicable measurements for each individual piece of equipment in the table below, including any shrouds, boxes, pedestals or cabinets that conceal the antenna(s), mounts, cabling and accessory equipment.

| Make / Model | Quantity | Length | Width / Radius | Height | Volume |
| :--- | :--- | :--- | :--- | :--- | :--- |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
