CONDITIONAL USE PERMIT NO. 973, REQUESTING APPROVAL FOR THE CONTINUED OPERATION OF A MASSAGE ESTABLISHMENT ON PROPERTY LOCATED AT 6420 DEL AMO BOULEVARD (Vimarn Thai Massage)

Ms. Anderson replied that she has an employee who works at more than one business and that is why she had a copy of that masseuse’s license, rather than an original license.

Senior Planner Kuentz explained that one original license was expired and one current license was a copy. If a masseuse works in more than one location, they will have to request an additional original license from CAMTC so that the massage establishment can comply with the requirement to display a valid, current, original license.

Vice Chairperson Samaniego asked the applicants if they understood this process.

The applicants replied affirmatively.

Director Southwell confirmed that this issue has risen before with other businesses, and a masseuse who works at more than one business may have to contact CAMTC and pay for one or two additional original licenses to be issued, in order to provide each business owner with a valid, current, original license for posting.

Commissioner Quarto asked staff how much time the applicant had been given to rectify the problems before reaching this point of a recommendation of denial.

Director Southwell explained that the Lakewood Municipal Code is specific about prohibiting locking doors in a massage establishment. This is why other massage establishments have curtains, unlocked doors, etc. Director Southwell added that, while some of these issues are correctable, approval of this Conditional Use Permit would require consistent monitoring due to other issues such as criminal activity.

Senior Planner Kuykendall noted that the tenant improvement plans had been approved in 2014.

Assistant Director McGuckian explained that, while there are code violations that could be corrected, it is not how it is built, but how it is operated that is the substantial concern, including unlicensed masseuses and criminal activity.
