## COUNCIL AGENDA

September 8, 2015

**TO:** Honorable Mayor and City Council

**SUBJECT:** Appointment to Central Basin Water Rights Panel and Gateway Water Management Authority

### INTRODUCTION

The third Central Basin Judgment was entered by the Court on December 23, 2013. For the first time in this area, the Court allowed the water rights holders themselves to have direct input into how the Judgment is administered and enforced. The Amended Judgment retired the California Department of Water Resources as the Court appointed "Watermaster" on June 30, 2014, and created a new Watermaster Panel. The City of Lakewood was elected as one of the representatives. The City Council appointed James Glancy as representative, who is now retiring and the City Council must appoint a new representative.

### STATEMENT OF FACT

Under this Third Amended Judgment the Watermaster is composed of three bodies, one of which is the Water Rights Panel (The Panel). The Panel monitors groundwater production and enforces the Judgment's limits on extractions. The Panel is made up of seven Central Basin water rights holders: three representatives from parties holding more than 10,000 acre feet of water rights; one representative for those parties holding between 5,000 and 10,000 acre feet of water rights; two representatives holding less than 5,000 acre feet of water rights; and one at-large representative.

The City of Lakewood was elected as the representative on the Water Rights Panel by the majority vote of pumpers holding between 5,000 and 10,000 acre feet of water rights. Jim Glancy is retiring and it is recommended that the new Director of Water Resources, Jason Wen, be appointed as representative for the City of Lakewood, and Leon de los Reyes, Water Operations Superintendent, appointed as alternate.

The Gateway Water Management Authority (GWMA) was formed under a joint powers agreement with other Gateway Cities to coordinate regional water resources and stormwater projects. Public Works Director Lisa Rapp represents Lakewood on the GWMA Board. It is recommended that Jason Wen be appointed as the alternate representative.

### RECOMMENDATION

Staff recommends the following actions:

1. Approval of proposed resolution appointing the City of Lakewood's Department of Water Resources Director as representative and the Water Operations Superintendent as alternate on the Central Basin Water Rights Panel.
2. Appointment of Jason Wen as the City of Lakewood's alternate member of the Gateway Water Management Authority Board.

Howard L. Chambers  
City Manager

RESOLUTION NO. 2015-55

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF  
LAKEWOOD APPOINTING THE CITY OF LAKEWOOD  
REPRESENTATIVE AND ALTERNATE POSITIONS TO THE  
CENTRAL BASIN WATER RIGHTS PANEL

WHEREAS, the third amendment to the Central Basin Judgment (the "Judgment") was entered by the Court on December 23, 2014, and included provisions allowing the Central Basin water rights holders input on the administration and enforcement of the provisions in Judgment; and,

WHEREAS, the third amendment mandated the creation of a Water Rights Panel to monitor groundwater production and enforce the Judgment's limits on extraction; and,

WHEREAS, the Water Rights Panel consists of seven members elected by Central Basin water rights holders; and,

WHEREAS, representation for the Water Rights Panel includes the election of three representatives from water rights holders of 10,000 acre feet or more, one representative from water rights holders of 5,000 to 10,000 acre feet, two representatives from water rights holders of less than 5,000 acre feet, and one member at-large; and,

WHEREAS, the City of Lakewood was elected to be the representative on the Water Rights Panel by the majority vote of pumpers holding between 5,000 and 10,000 acre feet of water rights.

NOW THEREFORE, the City Council of the City of Lakewood does hereby resolve as follows:

SECTION 1. The City of Lakewood appoints the Director of Water Resources as the City of Lakewood's representative on the Central Basin Water Rights Panel.

SECTION 2. The City of Lakewood appoints the Water Operations Superintendent as the City of Lakewood's alternate on the Central Basin Water Rights Panel.

ADOPTED AND APPROVED THIS 8TH DAY OF SEPTEMBER, 2015.

## COUNCIL AGENDA

September 8, 2015

**TO:** The Honorable Mayor and City Council

**SUBJECT:** Engineering Services Agreement with Tetra Tech, Inc. for Well 13A Investigation and Evaluation

### INTRODUCTION

Water Well #13A, located at 6340 Candlewood Street was drilled in 2003. The original water production capacity was 2,700 gallons per minute. Well 13A is the only well that supplies Plant 13 storage tanks with a total storage capacity of about 2.1 million gallons.

### STATEMENT OF FACT

Production of a well normally decreases with use, normal wear of pump equipment and changing condition of the aquifer over time. The water production in this well has decreased considerably to about 1,500 gallons per minute or a 44% reduction in capacity. In addition, during the scheduled maintenance and inspection of the tanks at Plant 13 a significant amount of sediment had to be removed. These observations indicate the need for a hydrogeologic investigation of this well.

In an effort to investigate the condition of Well 13A, staff discussed this condition with Tetra Tech's hydrogeologist and requested a proposal to investigate the loss of production and sanding of Well 13A. Tetra Tech submitted a proposal dated August 31, 2015 with the estimated cost of \$23,411 and the associated tasks involved in the investigation work which includes the use of down hole instrumentation while the well is pumping.

### SUMMARY

Investigation, review and evaluation of this well is necessary to plan and specify the proper maintenance work for this well scheduled later this year. The results of this investigative work and evaluation will determine corrective measures to minimize sediment production and to ensure prolonged operation and longevity of this well.

### RECOMMENDATION

Staff recommends that the City Council approve the Engineering Services Agreement Well 13A Investigation and Evaluation in the amount of \$24,000 with Tetra Tech, Inc. of Irvine.

James B. Glancy

**COUNCIL AGENDA**  
September 8, 2015

**TO:** The Honorable Mayor and City Council

**SUBJECT:** Ordinance Pertaining to Carwashes and Limitations of Uses Permitted in Commercial Zones.

**INTRODUCTION**

Section 9411.8 of the Lakewood Municipal Code requires the City Council, by motion or resolution, to adopt findings and decisions within at least forty (40) days following the completion of hearings on an amendment to Article IX of the Municipal Code. The motion or resolution must recite, among other things, the fact and reasons which in the opinion of the City Council make the approval or denial of the recommendation for the amendment or the denial of the application for the amendment necessary to carry out the general purposes of this Chapter.

On July 28, 2015 the City Council introduced an ordinance pertaining to carwashes and limitations of uses permitted in commercial zones and the second reading and approval of the ordinance occurred on August 25, 2015 (Ordinance No. 2015-5). The proposed resolution contains the facts and reasons why the City Council approved Ordinance No. 2015-5. Within ten (10) days following the adoption of the proposed resolution, a copy of the resolution will be forwarded to the Planning and Environment Commission as required by Section 9411.8 of the Municipal Code.

**STAFF RECOMMENDATION**

Staff recommends that the City Council adopt the proposed resolution.

Sonia Dias Southwell, AICP   
Director of Community Development

Howard L. Chambers   
City Manager

RESOLUTION NO. 2015-56

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LAKEWOOD RECITING THE FACTS AND REASONS FOR APPROVAL OF A PROPOSED ORDINANCE AMENDING THE LAKEWOOD MUNICIPAL CODE AND THE ZONING ORDINANCE CLARIFYING THAT PORTION OF THE LAKEWOOD MUNICIPAL CODE PERTAINING TO CARWASHES AND LIMITATIONS OF USES PERMITTED IN COMMERCIAL ZONES.

THE CITY COUNCIL OF THE CITY OF LAKEWOOD DOES HEREBY FIND, RESOLVE AND DETERMINE AS FOLLOWS:

SECTION 1. The City Council finds that the Planning and Environment Commission, by Resolution No. 12-2015, adopted a resolution recommending approval of a proposed Ordinance clarifying that portion of the Lakewood Municipal Code pertaining to carwashes and limitations of uses permitted in commercial zones.

SECTION 2. The City Council of the City of Lakewood does hereby report that a public hearing was held before it in respect to this proposed Ordinance on the 25<sup>th</sup> day of August, 2015 following notice given in the time and manner required by law, consider the proposed Ordinance amending the Lakewood Municipal Code as described herein.

SECTION 3. The City Council of the City of Lakewood does hereby find that said proposed Ordinance should be adopted for the following facts and reasons:

A. The Lakewood Municipal Code does not explicitly describe vacuums and other outdoor equipment and activities normally associated with a carwash as being allowed to be located or used outside of a building. Vacuum stations, whether at self-serve or full-serve carwashes, are normally located outdoors or under a permanent canopy not just in Lakewood, but throughout the state. Full service carwashes often use compressed air to supplement hand towels for drying vehicles outside. Other outdoor carwash-related activities include window cleaning, applying tire/wheel dressing, and sometimes shampooing floor mats.

B. The Lakewood Municipal Code does not explicitly permit all the various ancillary outdoor accessory uses, displays, and storage, which are normal and incidental to a primary permitted commercial use as being allowed to be located or used outside of a building.

C. Requiring a conditional use permit for all carwash facilities would allow discretionary review of all carwash facilities which would provide effective enforcement to mitigate potential impacts for all carwashes. The conditional use permit process is an effective method to control impacts from carwashes facilities. Currently, carwash facilities more than 200 feet from residentially zoned property are not required to obtain a conditional use permit.

D. The variety of carwash business models have changed dramatically and now extend beyond the basic definition of mechanical wash racks.

E. The amendment is necessary to allow vacuums and other outdoor equipment and activities normally associated with a carwashes and other primary commercial uses to be conducted outdoors as requiring them to be within fully enclosed buildings would result in building configurations inconsistent with the City's policy of maximizing the development and economic potential of under-utilized properties zoned for commercial and manufacturing uses.

F. The amendment is necessary to clarify that vacuums and other outdoor equipment and activities are normally associated with carwashes and other primary commercial uses and are normally conducted outdoors. Requiring such uses and activities to be within fully enclosed buildings would impose an unnecessary and impractical hardship on owners of such properties.

G. The amendment requiring a conditional use permit for all carwashes is necessary because noise and other impacts from carwashes may negatively affect residential uses even when a carwash is more than 200 feet away from a residential property line. Conditions controlling such impacts are necessary to preserve the public peace, safety, morals, order and general welfare of the City and said inhabitants.

H. The amendment is necessary because the variety of carwash business design models has changed over time and the Lakewood Municipal Code has not remained current in this regard. The proposed amendment is necessary to address modern business practices in all forms of carwashes, whether they are self-serve or full-serve.

I. The amendment is necessary to carry out the general purposes of Chapter 3 of Article IX of the Lakewood Municipal Code in order to make certain that existing car wash businesses that have outdoor vacuums are not in jeopardy of being found to be noncompliant with the requirements of such Chapter, and to provide for better regulatory control of future carwash uses.

ADOPTED AND APPROVED THIS 8TH DAY OF SEPTEMBER, 2015.

ORDINANCE NO. 2015-5

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF LAKEWOOD AMENDING THE LAKEWOOD MUNICIPAL CODE AND THE ZONING ORDINANCE CLARIFYING THAT PORTION OF THE LAKEWOOD MUNICIPAL CODE PERTAINING TO CARWASHES AND LIMITATIONS OF USES PERMITTED IN COMMERCIAL ZONES

THE CITY COUNCIL OF THE CITY OF LAKEWOOD DOES ORDAIN AS FOLLOWS:

SECTION 1. Article IX Planning - Zoning of the Lakewood Municipal Code is hereby amended as provided in this Ordinance pursuant to Public Hearings before the Planning and Environment Commission and the City Council.

SECTION 2. CEQA. The City Council finds that an Initial Study has been prepared for the proposed project, pursuant to Section 15063 of the California Environmental Quality Act Guidelines, as amended. A Negative Declaration has been prepared for the project, pursuant to Section 15070, et. seq., of the Guidelines. The project was found to have no significant effect on the environment. Therefore, said Negative Declaration is hereby approved.

SECTION 3. PURPOSE. This purpose of this ordinance is to clarify that portion of the Lakewood Municipal Code pertaining to carwashes and limitations of uses permitted in commercial zones.

SECTION 4. Section 9341. Limitations of Uses Permitted of Part 4 C-1 (Neighborhood Commercial) Zone Regulations of Chapter 3 Zoning of Article IX of the Lakewood Municipal Code is amended by modifying Subsection 9341.B to read as follows:

**9341. LIMITATIONS OF USES PERMITTED.** Every use permitted in a C-1 Zone shall be subject to the following conditions and limitations:

**B.** All uses shall be conducted wholly within a building except a plant nursery, gasoline, oil or petroleum product pumps, newsstand, outdoor advertising, commercial parking lots, vehicular parking and loading spaces, vacuums, vacuum stations, and other outdoor equipment and activities normally associated with a carwash as permitted in conjunction with such facilities, and other outdoor accessory uses, displays, and storage, which are normal and incidental to the primary permitted commercial use, ~~and outdoor displays and storage~~ where otherwise allowed or authorized by this Part. No required vehicle storage space or landscaped area shall be devoted to outdoor displays or storage.

SECTION 5. Section 9347. Uses Permitted of Part 4a C-3 (Intermediate Commercial) Zone Regulations of Chapter 3 Zoning of Article IX of the Lakewood Municipal Code is amended by modifying Subsection 9347.C to read as follows:

**9347. USES PERMITTED.**

**C. RESTRICTIONS ON CERTAIN USES.** Notwithstanding that the foregoing, the following uses are permitted provided that said use or the parking facilities thereof are located more than two hundred feet from the boundaries of any land zoned for residential use:

~~1. Automobile wash racks, mechanical~~

21. Bars, cocktail lounges, or any establishment offering alcoholic beverage for sale for consumption on the premises.

SECTION 6. Section 9347. Uses Permitted of Part 4a C-3 (Intermediate Commercial) Zone Regulations of Chapter 3 Zoning of Article IX of the Lakewood Municipal Code is amended by modifying Subsection 9347.D to read as follows:

**9347. USES PERMITTED.**

**D. USES PERMITTED SUBJECT TO CONDITIONAL USE PERMIT.** The following uses are permitted provided that in each instance a conditional use permit has been obtained and continues in full force and effect:

11. Vehicle wash racks, carwashes, or any permanent facility offering hand and/or mechanical washing, which includes detailing, waxing, or cleaning of non-commercial vehicles, and whether self- or full-service. Carwash facilities may include outdoor vacuums, vacuum stations, and other outdoor equipment and activities normally associated with a carwash. Other activities and uses may co-locate with a carwash as deemed acceptable by the Planning and Environment Commission.

SECTION 7. SEVERABILITY. The City Council hereby declares it would have passed this Ordinance sentence by sentence, paragraph by paragraph and section by section, and does hereby declare the provisions of this Ordinance are severable, and if for any reason any section of this Ordinance should be held invalid, such decision shall not affect the validity of the remaining parts of this Ordinance.

SECTION 8. CERTIFICATION. The City Clerk shall certify to the adoption of this Ordinance. The City Council hereby finds and determines there are no newspapers of general circulation both published and circulated within the City and, in compliance with Section 36933 of the Government Code, directs the City Clerk to cause said Ordinance within fifteen (15) days after its passage to be posted in at least three (3) public places within the City as established by ordinance. This Ordinance shall take effect thirty (30) days after its adoption.

# Public Hearings

## COUNCIL AGENDA

September 8, 2015

**TO:** Honorable Mayor and Members of the City Council

**SUBJECT:** CDBG Program Public Hearing on the Consolidated Annual Performance and Evaluation Report (CAPER) Fiscal Year 2014-2015

### INTRODUCTION

Community Development Block Grant (CDBG) regulations require grantees, such as the City, to prepare an annual performance report. This report is called the Consolidated Annual Performance and Evaluation Report (CAPER) and it needs to be submitted to the U.S. Department of Housing and Urban Development (HUD) no later than 90 days after the close of the grantee's program year. This annual report summarizes a grantee's accomplishments during the previous program year and it is used by HUD to: 1) Provide the necessary information required by HUD to assess each grantee's ability to carry out its programs in compliance with applicable regulations and requirements; 2) Provide information necessary for HUD to report to Congress; and 3) Provide the grantee with an opportunity to describe its program achievements with its citizens.

### STATEMENT OF FACTS

The CAPER includes a summary of Lakewood's overall progress in meeting local priorities and goals during the program year. The City's CAPER discusses annual and cumulative performance in the context of the five-year strategic goals of the Consolidated Plan and the annual goals of the Action Plan, including the following areas: decent housing, continuum of care, leveraged resources, citizen participation, and other actions. This year-end report lists the City's efforts in furthering fair housing and information on program requirements such as monitoring, displacement and/or relocation, anti-poverty strategies, and supplemental information such as a financial summary. It also includes a self-evaluation, which describes the City's accomplishments and identifies any changes necessary to meet the listed goals and strategies.

The CDBG accomplishments for FY 2014-2015 are summarized as follows:

1. Public Services –unduplicated participants served:
  - Meals on Wheels - 199 individuals
  - Community Family Guidance - 264 individuals
  - Pathways Volunteer Hospice - 71 individuals
  - Fair Housing - 357 individuals
  - Human Services Association - 93 individuals
2. Fix-Up Paint-Up Grant Program - During FY 2014-2015, a total of 2 grants were approved and funded via Lakewood Successor Agency funds.

3. Community Conservation – responded to 268 service requests within CDBG target areas.

The Citizen Participation Plan requires that the City conduct a public hearing for the purpose of reviewing program performance and progress through the submission of the CAPER for public review. A 15-day comment period began on August 24, 2015 allowed citizens to review the CAPER and submit written comments to the Community Development Director no later than September 8, 2015. The Comment period concludes on September 8, 2015 with a public hearing held before City Council. Any comments received will be submitted in conjunction with the CAPER, which is due to the local HUD office no later than September 30, 2015.

**SUMMARY**

The CAPER provides a summary of the accomplishments of the CDBG Program, both programmatic and financial, for the 2015 Fiscal Year (July 1, 2014 through June 30, 2015). The CAPER also summarizes how the City of Lakewood met its priority needs and goals as outlined in the Annual Action Plan. As required by Code of Federal Regulations (24 CFR Part 91.105), a Public Hearing must be held to give Lakewood's citizens an opportunity to comment on this report.

**STAFF RECOMMENDATION**

It is recommended that the City Council hold a public hearing to solicit citizen comments on the City's Consolidated Annual Performance and Evaluation Report for fiscal year July 1, 2014 through June 30, 2015, and following the hearing, direct staff to take into consideration all comments received on the CAPER and submit those comments, if any, to the local HUD office.

**Prepared by the City of Lakewood  
Community Development Department**

## **CR-05 - Goals and Outcomes**

### **Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The City of Lakewood proposed and successfully executed a number of activities throughout FY 2014-2015 which includes Code Enforcement and Community Conservation, Community Facility Improvements (Burn's Center and Palm's Park), Fair Housing, Community Family Guidance Center, Meals on Wheels, Pathways Volunteer Hospice, Human Services Association and Economic Development.

#### **Code Enforcement**

Code Enforcement processed 1,256 service requests during FY 2014-2015.

#### **Community Facilities Improvements**

During FY 2014-2015, the City expended \$21,490.59 on architectural drawings for the Palms Park project.

#### **Fair Housing**

Lakewood's Fair Housing Consultant assisted 253 households during FY 2014-2015 with various Fair Housing issues.

#### **Community Family Guidance Center**

City of Lakewood's Burn's Center staff assisted 64 children during FY 2014-2015.

#### **Meals on Wheels**

Provided meals for 145 households and 199 individuals during FY 2014-2015.

#### **Pathways Volunteer Hospice**

Provided non-medical services to 46 terminally ill persons during FY 2014-2015.

#### **Human Services Association**

Provided 61 meals congregate meals at the Weingart Senior Center and home delivered meals to Lakewood residents.

**Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)**

Categories, priority levels, funding sources and amounts; outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

There were four goals and objectives that were not met during the program year 2014-2015. They are as follows:

**Single-Family Rehabilitation Loan Program and Fix-Up Paint-Up Grant Program**

The City of Lakewood offers its Single-Family Rehabilitation Loan Program and Fix-Up, Paint-Up Program to qualified low income families, senior citizens, and disabled individuals. During FY 2014-2015 this program was funded using Lakewood Housing Successor Agency funds. The modification of funding sources during the last two years has reduced the City's ability to offer this program to the extent originally planned in the FY 2010-2015 Consolidated Plan. In some cases this change increased the qualifying requirements. However, because Successor Agency funds are used to supply Lakewood residents with loan and grants, the City is able to use the State's income limit which increases the City's ability to serve its lower income residents. Currently, the City is able to offer 10 loans and 6 grants. The City maintains a waiting list of potential loan and grant recipients. During FY 2014-2015, there were 47 households on the loan waiting list and 30 households on the grant waiting list. Despite this large number on the waiting list, few actually qualified for the program. No loan applications were processed and two grant applications were processed.

**Community Facilities Improvements**

The Burn's Center project initially was funded to replace brick pavers and concrete hardscape walkways caused by uplifting of tree roots, displacement and damage, plus the renovation of landscaping, irrigation system repair/replacement and other improvements caused by the uplifting. Further analysis revealed that the building was in substantial need of renovation which included constructing a new ADA compliant elevator on the exterior of the building where parts of the proposed landscape and hardscape would be installed. Therefore, the Burns Community Center project was not completed due to unforeseen structural issues.

**Economic Development**

The third goal that was not met during the program year 2014-2015 is Lakewood Business Development Fund. Lakewood Business Fund is a Revolving Loan Fund (RLF) that was established to offer loans to new or existing businesses that would assist with either job retention and/or new job development. The main source of the funding was from the federal Economic Development Administration (EDA) through a grant to the Gateway Council of Governments (Gateway COG). There were initial success stories generated from the use these funds, most notably TFC MFG. Inc., a local aerospace parts manufacture that started with 28 employees and has recently expanded into a new facility with 150

employees. In recent years the City was unable to loan monies to qualifying commercial establishments as the interest rates became non-competitive and the applicants did not have sufficient collateral. Occasionally the Small Business Administration (SBA) loans had collateralized everything owned by the new business owners, therefore there was no additional collateral for an RLF loan. The EDA demanded that the RLF be returned to the EDA or transferred to another qualifying entity. The City of Lakewood worked with the Gateway COG to identify another independent agency that could better utilize these business development funds. TELACU was the agency identified and approved by both the Lakewood City Council and the Board of Directors for the Gateway COG to receive the funds that can be used in Lakewood and other Gateway COG member cities. The EDA is currently processing this transfer request.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected - Strategic Plan	Actual - Strategic Plan	Percent Complete	Expected - Program Year	Actual - Program Year	Percent Complete

							FY 2014-2015
							250%
							0%
							0%

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

Lakewood’s highest priority activities that are funded through CDBG include Housing Preservation and Improvement, Housing Assistance, Equal Housing Opportunity, Community Facilities and Infrastructure, and Community Services, Rehabilitation Delivery Costs, Section 8 Rental Assistance referrals, Fair Housing Program, Community Family Guidance Center, Meals on Wheels, Pathways Volunteer Hospice, Human Services Association and Planning and Administration.

**Housing Preservation and Improvement**

The City of Lakewood’s Code Enforcement and Community Conservation program utilized \$45,055 of CDBG funds to operate during the FY 2014-2015. This Activity addresses the Priority titled ‘Housing Preservation and Improvement’ as the primary concern of the program is correction of unsafe and/ or unsightly properties. Property owners and/ or tenants are notified by a Community Conservation Representative to take action on accumulated refuse or debris, inoperative vehicles, graffiti, building, zoning, and other violations. Community Conservation Representatives responded to 1,256 calls during FY 2014-2015. Of those calls, 268 were located in Area 3 which is a target area for extremely low, low, moderate income households and is funded through CDBG. Of the 268 cases received, 238 cases were cleared during FY 2014-2015.

The City utilized \$39,539.87 for Rehabilitation Delivery Costs of CDBG funds to provide Lakewood’s Single-Family Residential Rehabilitation Loan Program and Fix-Up, Paint-Up Program to low-moderate income Lakewood residents. These programs address ‘Housing Preservation and Improvement’ as CDBG funded the housing position to provide the services. The loan and grant programs utilized state Successor Agency program income funds to loan \$18,000 to qualified recipients to improve their homes. Projects include new roofing, kitchen and bathroom upgrades, new windows,

carpeting and flooring, electrical and plumbing work, air conditioning and other improvements. The loan is 0% interest loan and is only required to be repaid when the house is sold, refinanced, another person is added to the title, or the participant passes away. The Fix-Up, Paint-Up Program offered \$3,000 in grant funds to residents to paint their homes and perform minor repair work to stucco, trim, eaves and door replacement.

#### **Housing Assistance**

Lakewood's Fair Housing Consultant provided 121 referrals to HACoLA for housing assistance. HACoLA proposed to provide rental assistance to 216 low to moderate income households during FY 2014-2015.

#### **Equal Housing Opportunity**

Lakewood utilized \$33,707.00 of CDBG funding for its Equal Housing Opportunity Program.

Equal Housing Opportunity is another high priority for Lakewood and is addressed through the Fair Housing Program. Discrimination has an effect in limiting housing choice and equal opportunity in renting, selling, and financing housing. Lakewood contracts with a Fair Housing Consultant to eliminate discrimination based on sex, race, religion, national origin, disability or age. Lakewood's Fair Housing Consultant provides fair housing information and education, investigates housing discrimination complaints and promotes informal conciliation, and makes referrals to appropriate sources for the formal resolution of discrimination complaints when informal conciliation efforts fail.

Lakewood's Fair Housing Consultant provided services to clients that included documentation, investigation and review of complaints received and reported to the City the recommendations for actions.

Lakewood's Fair Housing Consultant processed Client Service complaints, followed-up on the complaints, referred clients when the client's needs were not met by the Fair Housing Consultant. Lakewood's Fair Housing Consultant made a variety of efforts to educate and advertise Fair Housing services for Lakewood which included distributing public education materials publications regarding Fair Housing to community organizations, owners, managers, realtors, and all residents in the community. Lakewood's fair Housing consultant also delivered education on Lakewood's website and publications and conducted workshops and held an open house in May.

During FY 2014-2015, the Fair Housing Consultant attended several workshops and training sessions including the Los Angeles Times Advertising Task Force, Laws and Litigation Conference, the Fair Housing Summit, the California Enterprise Fair Housing Summit, National Association of Housing and Redevelopment Officials and the Fair Housing HUD Policy Conference. In addition, the Fair Housing Consultant conducted ten (10) consumer-training workshops and also attended County of Los Angeles Service Planning Area (SPA) 7 monthly Homeless Coalition meetings.

### **Community Services**

Community Family Guidance Center is an activity that has a high priority and addresses Community Services. This year, the Recreation and Community Services department utilized \$9,000 of CDBG funding to counsel 64 children who were emotionally disturbed. This service assists in creating and sustaining a healthy environment for the community.

Meals on Wheels utilized \$10,500 to provide meals to 145 low income and special needs households. Meals on Wheels is a high priority that addresses Community Services.

Another activity that addresses the Community Services priority is Pathways Volunteer Hospice. This activity utilized \$9,000 to provide in home, non-medical services to 46 terminally ill persons.

A fourth activity that addresses Community Services is Human Service Association. Human Services Association utilized \$4,500 to provide meals to 61 senior citizens at the Weingart Senior Center and meals delivered to their homes.

The fifth activity that addresses Community Services is Planning and Administration. The Community Development Department utilized \$88,548 to prepare the FY 2015-2019 Consolidated Plan, FY 2014-2015 Action Plan, and CAPER. plus the continuous outreach to address the changing needs of the community.

### **Economic Development**

Although the City did not process any new commercial loans in FY 2014-2015, Lakewood has always been business-friendly when it comes to taxes and is sensitive to the needs of its residents and the business community. The city maintains low taxes and license fees in order to help promote growth in local businesses, which in turn has a positive impact on the local economy as a whole. In addition to low taxes and fees, the city encourages economic growth by avoiding the imposition of multiple tax and fee categories. Filming in Lakewood requires only a business license, which is \$86 plus \$5 per employee, plus a \$225 processing fee. The application process takes about 15 minutes.

Lakewood has very low businesses license fees and as an additional incentive, the city waives the business license fee requirements for qualifying veterans and disabled persons. Sections 6506 and 6507 of the Lakewood Municipal Code describes the provisions for Business License Fee Waivers.

Additionally, Lakewood utilizes Specific Plans to create districts that support automobile dealerships, full-service restaurants in areas where they would not otherwise be permitted. Recently, a Specific Plan was adopted to accommodate the signage needs for a new business that would otherwise have poor street visibility. Lakewood has seven approved Specific Plan areas. Specific Plans are formed to redefine and clarify development standards and allowable land uses. A Specific Plan may allow certain types of businesses that were not previously allowed on a

property. Specific Plans allow businesses to have variations from the zoning regulations in a manner that ensures that the activity or project will be compatible with surrounding uses.

## CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).  
91.520(a)

	ESG
<b>Race:</b>	
White	270
Black or African American	83
Asian	13
American Indian or American Native	2
Native Hawaiian or Other Pacific Islander	4
Black and White	3
Asian and White	5
American Indian and White	3
Mixed Race	68
Puerto Rican	5
Mexican	19
Cuban	6
Hispanic	59
Other	7
<b>Total</b>	<b>547</b>
<b>Ethnicity:</b>	
Hispanic	102
Not Hispanic	445

Table 2 – Table of assistance to racial and ethnic populations by source of funds

### Narrative

The City of Lakewood has assisted 547 families during the FY 2014-2015. The races and ethnicities are categorized in Table 2. The activities that assisted these families include Fair Housing, Meals on Wheels, Community Family Guidance, Human Services Association, and Pathways Volunteer Hospice.

## CR-15 - Resources and Investments 91.520(a)

### Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG		\$539,459	\$260,191.35
HOME		N/A	N/A
HOPWA		N/A	N/A
Other	Program Income	\$24,457.23	\$18,896.94

Table 3 – Resources Made Available

### Narrative

Lakewood received \$539,459.00 from CDBG funding and \$24,457.23 in Program Income Loan Payback funds.

### Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Area 3	10%	8.35%	See below

Table 4 – Identify the geographic distribution and location of investments

### Narrative

The City's policy regarding housing programs is to market and make them available throughout the City. The City promotes a balanced and integrated community. The programs are not directed to any one geographical area in the City, but rather to all persons and families with extremely low to low income. The eligible income range is 0 to 80% of the Median Family Income (MFI).

The only exception to this policy is that some activities (Code Enforcement, Public Facilities and Street Improvements) are limited to special CDBG Eligible Areas, which are known as area benefit activities. An area benefit activity is an activity that meets the identified needs of low income persons residing in an area where at least 51% of the residents are low income persons (or less if the exception criteria are applicable). The exception criteria are applied in an area where at least 28.9% of the residents are low to moderate income persons. The benefits of the activity are available to everyone in that area despite their income.

During the FY 2014-2015, Code Enforcement processed 268 cases in Area No. 3 which is designated as a CDBG eligible area. Of those 268 cases, 238 have been cleared. The City of Lakewood proposed to expend \$54,024 of CDBG funds for Code Enforcement activities. During FY 2014-2015, Lakewood utilized \$45,055.

## **Leveraging**

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

The City of Lakewood did not leverage any other additional funds with any CDBG projects during the Program Year 2014-2015.

**CR-20 - Affordable Housing 91.520(b)**

**Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.**

	<b>One-Year Goal</b>	<b>Actual</b>
Number of homeless households to be provided affordable housing units		
Number of non-homeless households to be provided affordable housing units		
Number of special-needs households to be provided affordable housing units		
<b>Total</b>		

**Table 5- Number of Households**

	<b>One-Year Goal</b>	<b>Actual</b>
Number of households supported through rental assistance		
Number of households supported through the production of new units		
Number of households supported through the rehab of existing units	16	2
Number of households supported through the acquisition of existing units		
<b>Total</b>	<b>16</b>	<b>2</b>

**Table 6 - Number of Households Supported**

**Discuss the difference between goals and outcomes and problems encountered in meeting these goals.**

The City of Lakewood provides referrals to homeless individuals through Lakewood's Continuum of Care Program which is funded through the General Plan. During FY 2014-2015, Lakewood expected to refer six individual to homeless services but referred 15 individuals.

Lakewood's Fair Housing Consultant referred 121 individuals to HACoLA for Section 8 assistance for affordable housing. HACoLA projected to assist 216 individuals during FY 2014-2015.

It is the intent of the City of Lakewood to provide 10 Single-Family Rehabilitation Loans and six Fix-Up, Paint-Up Grants through Lakewood's Single-Family Rehabilitation Programs. Due to a lack of eligibility, only two grants were processed during FY 2014-2015.

Discuss how these outcomes will impact future annual action plans.

The outcomes will not impact future action plans.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Persons Served	CDBG Actual	HOME Actual
Extremely Low-income	339	N/A
Low-income	168	N/A
Moderate-income	80	N/A
<b>Total</b>	944 (includes 357 individuals assisted by Fair Housing- not represented above- individuals by income level were not recorded separately)	N/A

Table 7 – Number of Persons Served

### Narrative Information

The activities where information on income by family size is required to determine the eligibility include Fair Housing, Community Family Guidance, Human Services, Meals on Wheels, Pathways Volunteer Hospice, and Lakewood's Single-Family Residential Rehabilitation Loan and Grant Programs.

### Fair Housing

Lakewood's Fair Housing Consultant assisted 253 households and 357 individuals with income levels that were extremely low, low, and moderate. The issues consisted of discrimination, tenant/landlord problems, predatory lending, and follow-up complaints. Of those 253 families, 68 were extremely low income families, 123 families were low income, and 62 families were moderate level income. The distribution between extremely low, low, and moderate income individuals was not recorded separately.

### Community Family Guidance

There were 65 families and a total of 264 persons who are extremely low, low, or moderate-income level and received services from Community Family Guidance. Of those 65 families, 52 families (200 persons) were extremely low income families, nine families (48 persons) were low income, and four families (17 persons) were moderate level income. There were no individuals with a high level of income assisted by Community Family Guidance.

### Human Services Association

The Human Services Association assisted 57 families and a total of 87 persons who are extremely low, low, or moderate-income level during FY 2014-2015. Of those 57 families, 43 families (57 persons) were extremely low income level, 10 families (16 persons) were low income level, and four families (14 persons) were moderate income level. An additional four families (six persons) were assisted but not calculated in Table 7 as those families had a high level of income.

**Meals on Wheels**

Meals on Wheels assisted 130 families and a total of 173 persons who are extremely low, low, or moderate-income level during FY 2014-2015. Of those 130 families, 52 families (71 persons) were extremely low-income, 66 families (83 persons) were low-income, and 12 families (19 persons) were moderate income. An additional 15 families (26 persons) were assisted but not calculated in Table 7 as those families had a high level of income.

**Pathways Volunteer Hospice**

Pathways Volunteer Hospice assisted 40 families and a total of 62 individuals who are extremely low, low, or moderate-income level during FY 2014-2015. Of those 40 families, 11 families (11 persons) were extremely low-income, 12 families (21 persons) were low-income, and 17 families (30 persons) were moderate income. An additional 5 families (9 persons) were assisted but not calculated in Table 7 as those families had a high level of income.

**Fix-Up Paint-Up Grant Program**

The City of Lakewood processed two grants in FY 2014-2015. One grant was processed for an extremely low-income family of three and the other was processed for a family of three with low-income. There were no families with high income assisted by Lakewood's Fix-Up, Paint-Up Program.

## **CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

In January of 2015, the City of Lakewood participated in the Los Angeles Continuum of Care Homeless Count to address the needs of the homeless in a continuum of care model. This model includes the following components: Outreach intake assessment, emergency shelter, transitional housing, permanent supportive housing, and employment support services.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

In February 2012, the City amended the Zoning Ordinance to permit emergency shelters by right in the M-2 zone. This is to comply with State law (SB2) requiring that a zone be identified to permit emergency shelters by right. This was also identified as a program in the certified Housing Element. There are conditions for such use that further assist the needs of homeless persons that include regulating the number of beds, requiring a level of sanitation, requiring a message board to educate the guests of services such as counseling, employment, transportation, homeless services and medical clinics.

### **Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The Gateway Cities Council of Governments COG program and the SPA 7 Coordinated Entry System provided services to those experiencing homelessness in Lakewood. Services were aimed at reducing homelessness through coordination with Lakewood's human service providers, COG outreach, case management and linkages to permanent housing placement.

Services began with outreach and continued up to 6 months after a person was permanently housed. Activities in the outreach phase focused on decreasing the barriers to housing and included: Housing location and re-location assistance, move in assistance, assistance with subsidy and lease compliance i.e. annual reviews, inspections, income reporting, and community re-integration activities surrounding good neighbor policies, support groups in the area, age related services like senior centers, community class offerings and social events. City staff at the Burn's Community Center

assisted 15 requests from homeless persons in obtaining the above stated assistance during FY 2014-2015.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

In Lakewood, some of the most "at risk" of homelessness are the low income households who pay more than 30 percent or 50 percent of their income on housing expenses. Any disruption to their income, such as the loss of employment, a rent increase, or medical expenses, could impair their ability to pay for housing.

The at-risk population also includes persons who are in danger of residing in shelters or being unsheltered. This is due primarily to the lack of permanent housing and the absence of an adequate support network, such as parental family or relatives whose homes they could temporarily reside. These individuals, especially those being released from the penal, mental, or substance abuse facilities, and some foster homes require a variety of services including counseling, rental assistance and job training to help them make a positive transition into society.

Section 8 Housing Choice Voucher Program was voluntarily transferred back to the Housing Authority of the County of Los Angeles (HACoLA) as of July 1, 2011. Residents on the program's waiting list who are seeking Section 8 Housing Assistance are given priority over non-residents, even though affordable housing within the city limits is difficult to find. New potential participants who are not currently on the waiting list are referred to the HACoLA for further assistance.

The Assistance Directory at the Burns Community Center enabled staff to assist the low-income individuals and families, especially extremely low-income individuals and families, who were likely to become homeless or who were receiving assistance from public or private agencies to address housing, health, social services, employment, education or youth needs.

## **CR-30 - Public Housing 91.220(h); 91.320(j)**

### **Actions taken to address the needs of public housing**

The City of Lakewood does not have public housing units located within city limits. The City participated of the Section Housing Voucher Program through the County of Los Angeles.

### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

N/A

### **Actions taken to provide assistance to troubled PHAs**

The City of Lakewood has worked with LAHSA to address homeless issues in the area through the Continuum of Care Model. The Continuum of Care Model for Los Angeles County includes outreach, intake assessment, emergency shelter, transitional housing, permanent supportive housing, permanent housing, employment services and other supportive services. The City does not directly provide transitional housing for the homeless; however, the City will continue to coordinate efforts to provide information and resources for transitional housing through the Burns Community Center. Also they will continue to provide support services such as job training and counseling. The County of Los Angeles also offers an array of work training programs, housing placement assistance, and other support resources.

## **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

Lakewood allows the placement of manufactured homes, including mobile homes, on vacant sites in residential areas. The designs of all new low-density residential uses, including manufactured homes, are reviewed by the Development Review Board (DRB). Reviews by the DRB are consistent with Government Code Section 65852.3 which regulates the application of local zoning regulations on manufactured homes.

In addition, the City allows the development of “second units” on parcels of land that are at least 10,000 square feet in area and zoned Single-Family Residential (R-1), as specified by Government Code Sections 65852.1 and 65852.2. However, to date, the City has not received an application for the development of a second unit.

Land use controls, as they pertain to density, parking requirements, minimum lot sizes, on and off-site improvements, street design, utility connections and circulation improvements, are found to be fair and consistent with current development standards and practices being employed throughout the region.

The maximum density allowed in the M-F-R zone is based on a formula that allows for more dwelling units as the size of the property increases. For properties less than 12,500 square feet, the minimum lot area per dwelling unit is 1,920 square feet (22 dwelling units per acre). For properties ranging in size from 12,500 square feet to 25,000 square feet, the minimum lot area per dwelling unit is 1,750 square feet (24 dwelling units per acre). For properties greater than 25,000 square feet, the minimum lot area is 1,452 square feet per dwelling unit, or 30 dwelling units per acre. Developers are encouraged to combine parcels to create land for projects of greater density.

Parking requirements for new projects in the M-F-R zone are based on the number of bedrooms in each dwelling unit. Units with one or two bedrooms require two parking spaces, units with three bedrooms require 2.5 parking spaces, and units with four or more bedrooms require three parking spaces. An additional 10 percent on top of the total off-street parking spaces is required for guest parking. Where the residential project is for elderly or persons with disabilities, these requirements may be reduced with a conditional use permit to not less than one parking space for each three dwelling units plus one parking space for every three employees. The required 10 percent additional parking for guests would apply as well.

Road dedications are very seldom required for residential projects as adequate right of ways were dedicated as the City developed. The roadway widths within these right-of-ways are usually adequate in width to accommodate the future growth allowed by current zoning regulations. When road or alley dedications are required, such

dedications are typically five feet or less and are not enough to render a project economically infeasible. Other land use controls, such as off-site improvements, are reviewed by the City's Public Works Department and/or the Los Angeles County Department of Public Works to ensure compliance with current standards.

According to the service providers and utility companies, the City's present infrastructure is adequate to accommodate planned growth levels, and since the City is fully developed, streets, sidewalks and curbs are already in place. However, there are several neighborhoods in eastern Lakewood where the street rights-of-way are of substandard width and require improvements. If the City determines that a street dedication or improvement is required, the street shall be widened in accordance with the width, standards and right-of-way lines of the City's General Plan or the Circulation Element of the General Plan.

**Water:** Development under the adopted General Plan will result in greater demand for water. However, the General Plan policies require managed growth and promote the development of adequate infrastructure prior to new development. Therefore, the gradual increase in demand for water services per year in conjunction with implementation of the policies is not anticipated to result in significant impacts on existing services. The Master Environmental Assessment indicated that most areas served by the City have adequate fire flows that meet Los Angeles County Fire Department Standards.

**Sewer:** The MEA concluded that the sewer trunk lines to the Long Beach Water Reclamation Plant operated by the County Sanitation Districts of Los Angeles County and the treatment capacity of the reclamation plant are adequate to handle the level of wastewater generated within the City.

**Storm Drain:** Future growth consistent with the General Plan will not increase the percentage of the City covered with impervious ground cover. As a result, existing conditions relating to site run-off due to storms will likely remain for the foreseeable future. Future development in the City will provide on-site drainage control systems to lessen the drainage needs of the City.

Lower housing costs have been achieved with the following factors: a) reduction in amenities and quality of building materials; b) availability of skilled construction workers who will work for less than union wages; c) use of manufactured housing, such as mobile homes and modular homes. However, because these costs are all market driven (including labor), it is very difficult to control the costs or reduce them.

Two common methods used for addressing actual and projected inadequacies in public facilities, services, and/or infrastructure, are dedications and in-lieu fees. In Lakewood, dedications typically come in the form of street dedications. The cost to a developer for street dedications is very low, usually consisting of only a minimal Los Angeles County Recorder's fee. Infrequently, the services of a civil engineer may be necessary to prepare a legal description of the land to be dedicated. The loss of acreage available for development reduces the developer's flexibility in project design options and may

also be a constraint. The Community Development Department did not process any road dedications in FY 2014-2015.

All visitors to the Community Development Department are informed that they are entitled to request a reasonable accommodation with respect to zoning, permit processing and building code standards if they feel that they qualify for such an accommodation under the federal Fair Housing Act, and that their requests will be reviewed by City staff. The request will be approved or denied once the Department has made determinations as to the following:

- The qualifying status of the individual,
- The necessity of the accommodation, and
- The financial or administrative burden on the City.

**Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

The staff at the Burn's Center provided supportive services to 15 homeless persons during FY 2014-2015, the services included information and referral to appropriate social service agencies, emergency food, assistance for transportation on local bus service and use of telephone when persons are seeking assistance.

**Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

The City disseminated information and monitored the lead-poisoning data provided by the County. In addition, the City's Residential Rehabilitation Program provided funding to low and moderate-income households in making necessary improvements and correcting code violations.

**Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

A fundamental way to reduce poverty is through job creation and enhancement. There are a number of local, state and Federal programs that focus on job creation and retention. The most notable is the State of California's welfare reform plan, known as CalWORKS. CalWORKS is designed to move welfare recipients from dependency to self-sufficiency through employment and to divert potential recipients from dependency. Job related education and training are provided through the County of Los Angeles, Department of Public Social Services.

The County's Department of Public Social Services also administered various programs that provide cash aid and other benefits and services to individuals and families in need. These programs are designed to alleviate hardship and promote family health, personal responsibility, and economic independence. According to the County, the majority of persons who sought these programs were primarily in need of medical assistance and in-home support services.

The City's Recreation and Community Services Department referred many persons to the County anti-poverty programs as described above in FY 2014-2015.

In addition, the City preserved, rehabilitated, and expanded affordable housing. Maintaining and expanding affordable housing improves the quality of housing and neighborhood involvement, particularly for households in poverty. Programs include the Residential Rehabilitation Program and Section 8 Housing Choice Voucher Program.

**Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

As described above, a fundamental way to reduce poverty is through job creation and enhancement. There are a number of local, state and Federal programs that focus on job creation and retention.

The City of Lakewood worked with the Los Angeles County Housing Authority to encourage full participation in the Family Self-Sufficiency Program (FSS). The National Affordable Housing Act amended the US Housing Act of 1937 to add this program. Under this Act, housing authorities that receive Section 8 vouchers during federal fiscal year 1993 and thereafter must operate a Family Self-Sufficiency Program. The program assisted families in gaining financial self-sufficiency through participation in employment training programs. The trainings help persons develop job skills, further their education, receive their high school diploma, and/or improve their literacy to enable them to become more employable.

The City coordinated efforts with public and private organizations providing economic development and job training opportunities. Some of these are summarized as follows:

- Southeast Los Angeles County Workforce Investment Board
- California Trade and Commerce Agency- Team California
- California Employment Development Department
- Los Angeles County Regional Occupation Program (ROP)

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

Effects of impediments identified in the Analysis of Impediments include, demographic characteristics, household size and characteristics, access to home purchase and home improvement financing, and public policies and programs.

## **Demographic Characteristics**

Changes in the demographics of a community can influence equal access to housing. Actions to overcome demographic characteristics as identified in the Analysis of Impediments include assistance by the City of Lakewood's Fair Housing Consultant.

## **Household and Housing Characteristics**

Household type and size, income level, the presence of persons with special needs, housing price, and household characteristics may affect a household's access to housing. Landlords may discriminate against certain households based on size and persons with special needs. Lakewood's Housing Consultant assists Lakewood's residents with discrimination issues. During FY 2014-2015, Lakewood's Fair Housing Consultant assisted four households with discrimination issues.

## **Access to Home Purchase and Home Improvement Financing**

An essential aspect of fair housing choice is equal access to credit for the purchase or improvement of a home. The analysis of lending patterns in the City reveals the following issues:

Approval rates for conventional home purchase loans varied by applicant race. A review of the data found that White applicants were the largest group whose loan was originated (59.7%) followed by Asian applicants (8.5%). However, the loan denial rate was more equally balanced among Asian, African American, and White applicants (19.7%, 12.1%, and 15.4%, respectively). This reveals that White applicants had more equity, income, or other assets to obtain a conventional loan than other races, but the proportion of White applicants who had their loan denied was not significantly disproportionate from Asian, African American and Hispanic applicants.

While the denial rate is not significantly disproportionate amongst White, Asian, African American and Hispanic applicants, the percentage rate of denial for conventional loans ranged from 12% to nearly 20%. The denial of conventional loans can lead to potential home buyers to seek unconventional loans which often are offered by predatory lenders. To combat this form of lending, Lakewood's Housing Consultant assisted with 5 claims of predatory lending during the FY 2014-2015.

The City also offers a Single-Family Rehabilitation Loan and Grant Program to its extremely low, low and moderate income residents. Due to limited funding, the City is limited to 10 loans and six grants during FY 2014-2015.

## **Public Policies and Programs**

Public policies and programs can affect the availability of housing choice. To ensure that City policies and programs promote equal housing opportunities, the City allows density bonuses when requested by developers. The City continues to promote density bonus provisions for residential development projects. In conjunction with

implementation of the Housing Element, the City has amended the Municipal Code to conform to State law allowing density bonuses for residential development projects. The City provides financial and development incentives to owners or developers of multi-family housing to set aside units that are affordable to low and moderate income residents.

#### **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

The Community Planning and Development Office of the local HUD did not conduct any monitoring of Lakewood's CDBG programs during FY 2014-2015.

#### **Citizen Participation Plan 91.105(d); 91.115(d)**

The City's Five-Year Consolidated Plan, Action Plan, and CAPER are in accordance with Lakewood's Citizen Participation Plan.

**Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

Public participation has been encouraged in compliance with the City of Lakewood's Citizen Participation Plan. A notice was published in the Press Telegram on August 24, 2015, announcing a 15-day comment period beginning August 24, 2015 and concluding on September 8, 2015. The notice also announced a public hearing to be held before the City Council on September 8, 2015, that concluded the 15-day comment period. The City of Lakewood did not receive any written or verbal comments regarding the FY 2014-2015 CAPER comment period.

**CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

The City of Lakewood did not have any changes in the program objectives.

**Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?**

The City of Lakewood does not have any open Brownfield Economic Development Initiative grants.

**[BEDI grantees] Describe accomplishments and program outcomes during the last year.**

N/A

IDIS

Plan IDIS Year Project	Project Title and Description	Program	Project Estimate	Committed Amount	
2014 1	Code Enforcement	Under this program, the City will continue to enforce existing building codes with Community Conservation Officers working in conjunction with the Crime, Public Nuisance, and Property Abatement Team serving CDBG-eligible areas.	CDBG	\$54,024.00	\$54,024.00
2	Code Enforcement	Under this program, the City will continue to enforce the existing building codes with Community Conservation Officers working in conjunction with the Crime, Public Nuisance and Property Abatement Team Serving CDBG-eligible areas.	CDBG	\$54,024.00	\$0.00
3	Rehabilitation Delivery Costs	Funds for the payment of reasonable administrative costs and carrying charges such as rehabilitation counseling, work specifications, loan processing, site inspections, reporting and all administrative work related to loan and grant processing.	CDBG	\$117,609.00	\$104,429.00
4	Burns Center Improvements	This project provides for necessary replacement of brick pavers and concrete hardscape walkways due to the uplifting of tree roots, displacement and damage. In addition, this project will also fund the renovation of landscaping, irrigation system repair/replacement and other improvements needed due to current hardscape uplifting.	CDBG	\$187,328.00	\$187,328.00
5	Public Services	These are five (5) public services offered to City of Lakewood residents.	CDBG	\$66,707.00	\$66,707.00
6	Program Administration	This program ensures the effective use of limited CDBG funds, per the community's priorities and federal regulations.	CDBG	\$88,548.00	\$101,734.00

ORDINANCE NO. 2015-7

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF LAKEWOOD AMENDING SECTION 8100 OF CHAPTER 1 OF ARTICLE VIII OF THE LAKEWOOD MUNICIPAL CODE PERTAINING TO ADOPTION BY REFERENCE THE ADDITION OF CHAPTER 68, REGARDING EXPEDITED PERMITTING FOR SMALL RESIDENTIAL ROOFTOP SOLAR ENERGY SYSTEMS TO TITLE 26 - BUILDING CODE OF THE COUNTY OF LOS ANGELES AND THEREBY AMENDING THE BUILDING CODE OF THE CITY OF LAKEWOOD

WHEREAS, the City of Lakewood ("City") is required by California Assembly Bill 2188 which was enacted into law in August 2014 to provide an expedited streamlined permitting process for small residential rooftop solar energy systems that is in effect by September 30, 2015;

WHEREAS, the City contracts with the County of Los Angeles for the provision of plan checking, permitting and inspection services for review of construction projects and therefore adopts by reference the Los Angeles County adoption of the California Building Code, as amended by the both the County of Los Angeles and furthermore by the City of Lakewood;

WHEREAS, the City wants to provide its residents the opportunity to avail themselves of the cost and energy-savings of residential solar panel array installations in a manner consistent with state law.

THE CITY COUNCIL OF THE CITY OF LAKEWOOD ORDAINS AS FOLLOWS:

SECTION 1. EXEMPTION. The City Council finds that the proposed ordinance is statutorily exempt from review under the California Environmental Quality Act, pursuant to Section 15268 of the California Environmental Quality Act Guidelines, as amended.

SECTION 2. Section 8100 of Chapter 1 of Article VIII of the Lakewood Municipal Code pertaining to Building Regulations is hereby amended to add by reference Chapter 68 of Title 26 -- Building Code of the County of Los Angeles to read as follows:

8100. BUILDING CODE. Except as otherwise provided in this Chapter, the 2011 Building Code of the County of Los Angeles, sometimes hereinafter referred to as the "Building Code," known and designated as Title 26 of the Los Angeles County Code, incorporating therein the 2010 State of California Building Code, is hereby adopted and made a part hereof as though fully set forth in this Chapter, with the amendments hereinafter set forth and to include by reference Chapter 68 "Expedited Permitting for Small Residential Rooftop Solar Energy Systems". The same shall hereafter constitute the Building Code of the City of Lakewood regulating the erection, construction, enlargement, alteration, repair, moving, removal, demolition, conversion, occupancy, use, height, area, and maintenance of all structures and certain equipment therein specifically regulated, and grading, providing for the issuance of permits and collection of fees therefore, and providing

penalties for the violation of said Code. At least one copy of the Building Code shall be kept on file in the Office of the City Clerk and shall be maintained by the City Clerk for the use and examination by the public. In the event of any conflict or ambiguity between any provisions contained in the Building Code and any amendment thereto, or additions thereto contained in this Chapter, the amendment or addition thereto contained in the Chapter shall control. In the event of any conflict or ambiguity between any provisions contained in the Building Code and any provisions of the Lakewood Municipal Code, the Lakewood Municipal Code shall control.

SECTION 3. SEVERABILITY. If any section, subsection, sentence, clause, phase, or portion of this Ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council hereby declares that it would have adopted this Ordinance, and each section, subsection, subdivision, sentence, clause, phrase or portion thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses, phrases or portions might subsequently be declared invalid or unconstitutional.

SECTION 4. NOTIFICATION. The City Clerk shall certify to the adoption of this Ordinance. The City Council hereby finds and determines there are no newspapers of general circulation both published and circulated within the City and, in compliance with Section 36933 of the Government Code, directs the City Clerk to cause said Ordinance within fifteen (15) days after its passage to be posted in at least three (3) public places within the City as established by Ordinance.

SECTION 5. EFFECTIVE DATE. This Ordinance shall be posted or published as required by law and shall take effect thirty (30) days after its adoption.

ADOPTED AND APPROVED this 8th day of September, 2015, by the following roll call vote:

**COUNCIL AGENDA**  
September 8, 2015

**TO:** The Honorable Mayor and City Council

**SUBJECT:** 2015-2016 Fall/Winter Programs

**INTRODUCTION**

The 2015-16 Fall/Winter Recreation Catalog was delivered to Lakewood homes the last weekend of August. The cover highlights four programming areas (Halloween Carnivals, Project Shepherd, Activity Zone and LYS) that help cement the city's commitment to community-building activities and events. Registration for 2015 fall classes began when the catalog was delivered to Lakewood resident homes. Fall recreation programs will begin on Monday, September 28 and run through January 2016.

**STATEMENT OF FACT**  
**AFTER SCHOOL PROGRAMS**

The fall season represents the start of a new school year for Lakewood's school age population and a new calendar of programming for the department's After-school Activity Zone. Providing a safe and secure place for children to go to after school remains a core component of the department's recreation programming and the department's After-school Activity Zone is a mainstay. Trained recreation staff at eight park locations supervise "The Zone" providing homework assistance, organized games and other activities for school age children. The free drop-in program offers a positive place for children to create, learn, and play. Zone activities begin on Tuesday, September 8. Students can participate in a variety of fun activities while parents can be assured that their children are being properly supervised in a safe and creative environment.

**TEEN PROGRAMS**

Teen programs are also plentiful this fall. While social activities are popular with teens, recreation staff place special emphasis on the future of Lakewood's teens with the offering of the College Fair on Tuesday, October 13 from 6:00 p.m. to 8:30 p.m. at Mayfair Park. Colleges from all over California and many other states will be on-site to meet with students to discuss admission requirements, application deadlines, campus life, and financial assistance programs for their college or university. Students from all Lakewood area high schools are invited to attend the College Fair. An active schedule of teen programs is offered at both the Lakewood Youth Center and at the Teen Resource Center at Bloomfield Park, which are in operation Monday – Friday starting at 3:00 p.m.

**LAKWOOD YOUTH SPORTS**

The Lakewood Youth Sports program continues to be a core focus area of recreational opportunities for youth. In the midst of its 59<sup>th</sup> year, LYS provides young residents a free and fun, inclusive sports atmosphere to learn athletic skills and the value of sportsmanship. This season, both Volleytennis and Flag Football leagues are offered. Flag Football offers a competitive division for

**September 8, 2015**  
**Page 2**

children ages 8-15 and a Smurf division for ages 6-7. The Smurf division is a fun introduction to flag football fundamentals using a Nerf football and modified rules for fun with minimal competition. Volleytennis is offered for girls ages 8-17 in four age divisions. Teams practice and play league games on weekday evenings and Saturday mornings from September 1 through November 7. Playoff games for Flag Football and Volleytennis will conclude by November 14. Later this fall, LYS basketball signups will take place November 14-21 and teams will begin practice in December with league play beginning in January. In addition to LYS, multiple contract classes offer fee-based sports opportunities such as tennis, karate, gymnastics, soccer, and ice hockey.

**FALL SPECIAL EVENTS**

The fall issue of the RCS catalog also promotes several special events including Lakewood's annual Patriot Day Concert. The city has commemorated Patriot Day every year since the tragic events of 9/11/2001. This year's Patriot Day commemoration will take place on Friday, September 11 from 6:00 p.m. to 8:00 p.m. in the concert grove at Del Valle Park (Woodruff Avenue at Arbor Road). This very special community concert will feature the 300<sup>th</sup> Army Band and the Golden Sands Chorus.

In addition to this special event, there are others worth noting this fall including the Lollipop Lane Craft Boutique which takes place at Mayfair Park on Saturday, October 17 from 9:00 a.m. to 3:00 p.m. This shopping venue will feature over 115 vendors, many of which are Lakewood residents, selling affordable handmade craft and gift items.

Lakewood's Halloween Carnivals will take place at eight parks on Saturday, October 31 from 6:00 p.m. to 8:30 p.m. The free carnivals feature food booths, games, and contests in a safe Halloween environment for youngsters 6-13 years of age. Over 200 attractions for preschool and school-age children will be featured. Winners will receive candy and novelty prizes at each booth. Special contests and games are scheduled throughout the evening, highlighted by the costume parade for all ages at 7:00 p.m. Popular attractions include the haunted house, specially designed for children 6-11, which will be open throughout the evening at Bolivar, Del Valle, Palms, and San Martin Parks. Bolivar and Mayfair Parks will also have inflatable bounce houses, obstacle courses, and rides on site for additional Halloween fun for a minimal ticket cost.

Children will have a plethora of choices for enjoying their winter vacation. Park staff will plan fun and creative holiday-themed activities for children to keep them busy when school is on winter break. The highlight of the season is when Santa Claus visits the parks. Kids will get to work on a holiday craft and enjoy a cup of hot chocolate while waiting to get their picture taken with Santa. Additionally, children and members of the entire Lakewood community may participate in the Project Shepherd Holiday Assistance program. Students have an opportunity to get involved with helping their community by donating food and grocery store gift cards through their school, which benefits Project Shepherd. Children enrolled in the Project Shepherd program can request "Teddy Bear" gifts which are fulfilled by community members, employee groups, churches, and businesses throughout the city.

**SUMMARY**

Whether it's after-school programs, sports, classes or human services, this season's program offering will continue to provide residents with opportunities to learn, be active, have fun, socialize with others, and give back to the community.

**COUNCIL AGENDA**

September 8, 2015

**TO:** The Honorable Mayor and City Council

**SUBJECT:** Approval of Engineering Services Agreement with Tetra Tech for the Lakewood Water Capture and Infiltration Project (Rev. 1)

**INTRODUCTION**

On June 23, 2015, the City Council approved a Cooperative Implementation Agreement with Caltrans for the Lakewood Water Capture and Infiltration Project. Caltrans is partnering with the City by providing up to \$11M of full funding for the project intended to capture and infiltrate or beneficially reuse stormwater and urban runoff.

**STATEMENT OF FACT**

The project will include the construction of a facility to divert, treat and store urban dry weather runoff and a small portion of the early part of wet weather flow. The Los Cerritos Channel (LCC) Watershed Management Program (WMP) identified a potential project in Mayfair Park adjacent to the Clark Channel which eventually drains into the Los Cerritos Channel in the vicinity of Del Amo Blvd. The project would divert water out of the Clark Channel into a pretreatment facility where it could be either infiltrated under the ballfields in Mayfair Park, or used for irrigation in the park. As an alternative project, a similar design could be considered for the Del Amo Channel at Bolivar Park, which would have the added benefit of reducing the use of potable water for irrigation, rather than the recycled water that is used in Mayfair park.

Staff has undertaken a consultant selection process to seek the best qualified engineering team to work on this project. First, statements of qualification (SOQ's) were requested from 12 engineering firms known to have expertise and experience with projects of a similar nature. Next, the city's project management team (PMT) reviewed the submitted SOQ's and narrowed the list to the three most qualified firms/teams, who were requested to submit formal written proposals for Phase 1 of the project along with a separate fee proposal. The city's PMT reviewed the formal proposals, and conducted presentation interviews with the three firms on September 3, 2015. These firms were subjected to rigorous questioning and evaluation by the PMT. The PMT unanimously recommended selection of Tetra Tech for the project.

Phase 1 of the project will include complete evaluation of the two sites resulting in the production of a project engineering study report that describes the evaluation of the two sites with all appropriate data, and a recommendation for site selection. The completion of Phase 1 of the work will represent 10% design completion for both of the sites. The specific issues that will be studied in Phase 1 include:

- Hydraulics and hydrology, including definition of the drainage areas contributing flow

- Evaluation of water quality characteristics, TMDL's and compliance with the MS4 permit
- Water diversion from the adjacent flood control channels
- Pre treatment of the runoff and storm water for storage and infiltration
- Post treatment of the runoff and storm water for beneficial reuse or irrigation
- Potential irrigation uses in the parks and adjacent medians
- Geotechnical investigation of the sites
- Preliminary topographic survey of the sites
- Underground storage and infiltration structure and other civil infrastructure
- Landscape and irrigation systems related to both beneficial reuse of the water and restoration of the site post construction
- Preliminary site plans
- Environmental document processing
- Listing of all needed permits with processing time and challenges identified
- Coordination with outside regulatory agencies
- Any other regulatory requirements anticipated
- Project schedule through completion of construction and start up
- Analysis of operations and maintenance including long term costs
- Consideration of alternative project delivery methods

The project is very time sensitive and Tetra Tech is poised to begin work immediately. The proposed fee for this work, on a time and material basis, will be \$342,250. They will have about two months to complete Phase 1 and assist the City in selecting the site and scoping the project. Once Phase 1 is complete, the city will be able to advance the project to the construction drawing phase and will return to Council for additional authorization for this second phase of engineering work. There will be a time limit on the Caltrans funding; the funds obligated before June 30, 2015 must be spent within two years, and the funds obligated in the subsequent year will have one additional year.

The agreement with Caltrans states that they will reimburse 100% of the city's expenses for the project up to a maximum of \$11,000,000. Since this agreement is a reimbursable agreement, the City must incur the costs and bill Caltrans afterward. In order to allow for payment of expenses during Phase 1 of the project, \$500,000 must be appropriated by the City Council, so that sufficient budgetary authority is available. Additional appropriations will be requested for future phases of the project.

The Council previously authorized Willdan with Richard Watson & Associates to assist city staff with the management of the project. They are a part of the city's PMT and assisted in the selection process. Additional staff from other departments such as Water Resources, Administrative Services and Recreation and Community Services, will also be a part of the City PMT to assure that all city operations and impacts are considered.

Finally, similar to the assistance provided by Willdan, staff requests authorization for Meyer and Associates to assist the City PMT under their existing on-call agreement for review of the project as it relates to park facilities, landscape and park infrastructure. Meyer and Associates has designed most of our recent park projects and will be in a unique position to assist city staff with key issues related to parks and landscaping for this project. They would perform their work on a time and material basis, as needed, under their existing agreement with the city.

### **RECOMMENDATION**

Staff recommends that the City Council:

- (1) Approve an Engineering Services Agreement with Tetra Tech for the Lakewood Water Capture and Infiltration Project and authorize the Mayor to sign the agreement in a form approved by the City Attorney.
- (2) Authorize Meyer and Associates to perform project management team consulting services on a time and material basis in the amount of \$15,000 for Phase 1 of the Lakewood Water Capture Project under their existing on-call agreement.
- (3) Appropriate \$500,000 for Phase 1 of the project, which will be reimbursed to the City under the project agreement with Caltrans.
