COUNCIL AGENDA

March 28, 2017

TO: The Honorable Mayor and City Council

SUBJECT: Release of Subdivision Improvement Bonds – Tract Map No. 72071
Lyon Homes – Canvas, 3014 South Street

STATEMENT OF FACTS

As required by Section 9228 of the Lakewood Municipal Code, William Lyon Homes, Inc. obtained a bond for on-and off-site improvements in conjunction with the development of the Canvas 72-unit residential development at 3014 South Street. Building permits for the project received final approval on September 1, 2016 and all improvements have been completed to satisfaction of the City. The Los Angeles County Sewer Maintenance Division reports that the sewer lines and manholes meet the minimum requirements for maintenance by the Consolidated Sewer Maintenance District.

It is recommended that the City Council:

COUNCIL AGENDA

March 28, 2017

TO: Honorable Mayor and City Council

SUBJECT: Participant Agreement for the Los Angeles Region Imagery Acquisition Consortium 5 (LARIAC5)

INTRODUCTION

The FY 2016-2017 budget includes a partial appropriation for the acquisition and integration of updated color digital orthophotography (aerial imagery) and related data into the City's Geographical Information System (GIS). At a considerable cost savings, the city is once again participating in the Los Angeles Region Imagery Acquisition Consortium (LARIAC5) to obtain new aerial imagery.

STATEMENT OF FACTS

Digital orthophotography is aerial imagery that has been accurately corrected to ground terrain with the aid of geodetic surveying and photogrammetry. Technological advances in computer hardware, software and storage capacity now allow the large volumes of data created by digital orthophotography to be processed at a reasonable cost. By participating in the LARIAC5 consortium, the City will enjoy a substantial cost savings due to the consortium's ability to acquire the data in bulk.

As with the previous consortium (LAR-IAC 4) project, the LARIAC5 project will provide the City with high resolution aerial imagery that includes the greater Lakewood region, oblique aerial imagery, and exclusive access to online and mobile aerial mapping applications at no additional cost. LARIAC5 will also provide participants with updated color infrared aerials, elevation data, building outlines, tree canopy data, height models, and land cover data.

The City of Lakewood's cost to participate in LARIAC5 is not to exceed \$27,434. LARIAC5 is accepting payments from multiple fiscal years to reduce the budget impact of a single, large payment. The FY 2016-2017 budget allotted \$10,000 for a portion of the initial deposit. FY 2017-2018 funds will include another partial payment of \$10,000 and the remainder will be included in the FY 2018-2019 budget. We request approval for the City Council to enter into the Participant Agreement with the County of Los Angeles for the acquisition of digital orthophotos.

RECOMMENDATION

That the City Council authorizes the Mayor to execute the Participant Agreement for the Los Angeles Region Imagery Acquisition Consortium Program LARIAC5 in an amount not to exceed \$27,434 subject to approval as to form by the City Attorney.

COUNCIL AGENDA

March 28, 2017

TO: The Honorable Mayor and City Council

SUBJECT: Automated Valve Operator for the Water Resources Dept.

INTRODUCTION

On February 14, 2017, the City Council approved the purchase of one 2017 Ford F-450 with service body. The Director of Water Resources has determined a need to install an automated valve operator on this new truck.

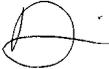

STATEMENT OF FACT

The Department of Water Resources turns 1,512 valves by hand each year. Some of the valves take 105 turns to close. The ERV-750 High Stack Automated Valve Operator will improve maintenance efficiency by automating these necessary system tasks. In addition, this tool will store valve asset information such as number of valve turns, condition of valve and GPS location. Staff has researched valve exercising units and has determined that the ERV-750 will be the best fit for our needs because it is an automated, medium-duty valve operator with an extension arm that reaches valves up to 13 feet from the pedestal mount. With the ERV-750 mounted on the truck, we can reach many valves when parked curbside. This machine will replace the older Wachs valve operator.

The Wachs Automated Valve Machine is a sole source item manufactured under the ISO 9001 Certified System in their Lincolnshire headquarters, located outside Chicago, IL. Founded in 1883 by Edward H. Wachs, Wachs was privately held before its 2009 acquisition by Illinois Tool Works. The total amount of \$20,319.95 includes the valve operator, controller/datalogger, telescopic valve key, sales tax, and shipping.

STAFF RECOMMENDATION

That the City Council approve the purchase of the automated valve operator at the proposed contract price of \$20,319.95 from Wachs/Illinois Tool Works Inc.

COUNCIL AGENDA

March 28, 2017

TO: The Honorable Mayor and City Council

SUBJECT: Adoption by reference of the Los Angeles County Fire, Building, Mechanical, Plumbing, Electrical, Green Building, Residential and Existing Building Codes.

STATEMENT OF FACTS

The California Building Standards Commission (CBSC) adopts a set of new construction codes every three years referred to as the California Building Standards Codes. The CBSC is an independent commission within the State Consumer Services Agency responsible for reviewing, adopting, and publishing building standards for the State of California. In 2016, the Commission adopted new building codes governing fire, building, mechanical, plumbing, electrical, green building, residential and existing building standards. All of these codes will collectively be referred to as "building codes" in this report. Subsequently, the County of Los Angeles ("County") adopts the state building codes with a variety of amendments necessary for, and as justified by, local climatic, geological, or topographical conditions as authorized by state law. The City of Lakewood ("City") obtains building and plan check services from the County. Consequently, it is in the City's interest to adopt the County's version of the building codes so as to be in accordance with the County's standards, as the City has consistently done in the past.

The proposed ordinance will update the Lakewood Municipal Code to adopt the County's version of the codes by reference and to make necessary modifications related to this adoption. In the event of any conflict or ambiguity between the provisions contained in the Building Codes and any provisions of the Lakewood Municipal Code, the Lakewood Municipal Code shall control. The latest versions Los Angeles County building codes are currently available for public viewing at the City Clerk's office and at the Department of Community Development.

The adoption of the Los Angeles County building codes will carry out the goals, objectives, and policies of the General Plan, which promotes high quality design and construction for developments that are a positive addition to and compatible with the City's existing environment.

Adoption of an Ordinance that adopts the Los Angeles County Building Codes by reference, with revisions, is exempt under the provisions of CEQA pursuant to State CEQA Guidelines Section 15061(b)(3), since this Ordinance will not involve any substantive changes to the aforementioned codes. Under a 30-day statute of limitations, a notice of exemption will be posted for public review and filed with the County Clerk upon adoption of this Ordinance.

STAFF RECOMMENDATION

Staff recommends that the City Council:

- Waive full reading and introduce the ordinance amending the Lakewood Municipal Code by adopting by reference the County of Los Angeles Fire, Building, Electrical, Plumbing, Mechanical, Residential, Green Building, and Existing Buildings Codes.
- Find that the project is exempt from the California Environmental Quality Act (CEQA), pursuant to Guideline 15061(b)(3).

COUNCIL AGENDA

March 28, 2017

TO: The Honorable Mayor and City Council

SUBJECT: Volunteer Appreciation

INTRODUCTION

April is recognized as National Volunteer Month, and the Recreation and Community Services Department is celebrating the hard work of Lakewood's volunteers by offering several recognition and appreciation events.

STATEMENT OF FACTS

Many of the department's programs could not be done without the assistance of the hundreds of volunteers who give their time, energy and effort to help others. Giving back to the community through volunteer service is an important and strong Lakewood tradition and volunteers have helped to make the city what it is today, a strong and caring community.

VOLUNTEER PROGRAMS AND RECOGNITION EVENTS

Events recognizing the efforts of department volunteers include the Lakewood Youth Sports (LYS) Coaches Volunteer Recognition Night and trip to Angel Stadium on Saturday, April 8 and the Older Adult Volunteer Recognition Luncheon will take place on Tuesday, April 18. At this event, the Older Adult Volunteer of the Year will be honored along with many other older adult volunteers who give their time throughout the year. To end the month, the 22nd annual Lakewood Volunteer Day event and recognition luncheon is scheduled on Saturday, April 22.

In 2016, volunteers coached youngsters on 86 basketball teams, 75 baseball/softball teams, and 47 football/volleytennis teams, contributing 12,458 hours of service. Volunteers also enhanced many senior programs and services. A dedicated group of 150 volunteers contributed 14,475 hours to Lakewood Meals on Wheels at the Burns Community Center. Burns Community Center volunteers also provide class instruction in special activities such as book club, and technology classes. Another 40 adult volunteers regularly work at the Weingart Senior Center providing programs and services totaling over 1,965 hours of service. Senior Center volunteers provide class instruction in specialty classes such as knitting, crocheting, sculpting, painting, and dance. Programs such as the senior nutrition program rely heavily on volunteers to perform tasks such as meal preparation, service and clean up. Volunteers also support staff at a variety of special events including bingo and holiday parties.

Lakewood Volunteer Day is one way many residents get involved and help their neighbors. This day is set aside as a means for the entire community to come out and volunteer a few hours "close to home" in a variety of projects. Volunteer groups are matched to appropriate project sites. All projects are designed for completion between 8:00 a.m. and 12:00 p.m. In 2016,

Volunteer Day participation totaled 446 volunteers working on 26 project sites. The 2017 Volunteer Day and “thank you” lunch will be held on Saturday, April 22 at the Lakewood Youth Center. City council members and commissioners regularly come to the luncheon to offer their appreciation.

Lakewood teens continue to be enthusiastic volunteers. In 2016, teens contributed 2,768 hours of service at parks and community centers. In addition, the Teens in Lakewood Care (TLC) program continued to help residents throughout the year. In 2016, nearly 20 teens from local high schools volunteered and cleaned up two local project sites, contributing over 70 hours of volunteer service. This tradition of voluntary action and opportunity for teens creates a strong pattern of civic engagement that is expected to continue with them into adulthood.

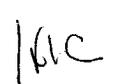

The City’s Junior Lifeguard Program was another popular program in 2016. Teens between the ages of 12 and 15 are required to pass a swim test to participate in the program. The program is intended to enhance interpersonal skills through training in customer service and teamwork and developing a sense of responsibility and strong work ethic. Junior Lifeguards participate in daily classes consisting of in-water workouts and classroom study. Lifeguard training rescue skills, aquatic teaching techniques, and First Aid and CPR are also key elements of the program and prepare participants to become future lifeguards. Last year 70 teens volunteered during swimming lessons and for the first annual Save a Life event, logging in 1,905 hours of service at both pools.

The Project Shepherd Holiday Program is another big event which requires volunteers to make it possible. This past December, the program had 325 volunteers who worked in the warehouse at the Lakewood Youth Center. Volunteers sorted cans, distributed gifts, and packed boxes totaling 1,080 hours of service. This enabled 332 families to receive food and gifts over the holiday season.

SUMMARY

Volunteers have an enormous impact on the health and well-being of communities. According to the most recent research from the Independent Sector, the estimated dollar value of volunteer time in California is \$27.59 per hour. The value of volunteer programs is not derived simply by looking at this dollar amount and the volunteer hours worked; instead, we need to look at the contribution made by all the generations of volunteers in Lakewood. They have enabled the Recreation and Community Services Department to maximize its resources and provide a variety of quality programs and services to all ages. Volunteers will continue to be the cornerstone in maintaining the programs that improve the quality of life in Lakewood and make it such a unique community.
