

Lakewood Catalytic Converter Theft Prevention Rebate Program

The City of Lakewood is offering residents the opportunity to receive rebates related to catalytic converter theft prevention measures. The rebate program is offered on a first come, first served basis, to Lakewood residents who have their vehicle's VIN professionally engraved onto the catalytic converter and or purchase and install an anti-theft catalytic converter security device on, or after, March 22, 2022. Rebates are limited to (2) \$25 catalytic converter engraving rebates and (2) \$50 catalytic converter anti-theft installation rebates per residential Lakewood address. Rebates are available until program funding is expended – apply early for best opportunity at receiving a rebate.

Lakewood residents may be eligible to receive one, or both of the following rebates. Limit of (2) rebates per VIN engraved and (2) anti-theft devices installed, per residential Lakewood address:

1. \$25 rebate for having their vehicle's VIN engraved onto the vehicle's catalytic converter by an automotive service business or auto repair center.
2. \$50 rebate for purchasing and installing one of the two below eligible catalytic converter anti-theft devices:
 - Catalytic Converter Protection Shield
 - Catalytic Converter 'CatClamp' style lock

Eligibility:

Each applicant must meet the following requirements:

- Reside in the City of Lakewood and have a valid government issued ID displaying your City of Lakewood residential address.
- Have a current utility bill (water, electricity, gas, phone) registered in your name to your City of Lakewood residential address, matching the Lakewood address on your valid government issued ID. Your utility bill must be dated within 60 days of when you submit your application.
- Have proof of current vehicle registration, matching your name and residential Lakewood address on your current government issued ID, showing vehicle's license plate and VIN
- Personally own the vehicle in which the catalytic converter anti-theft device was installed and or personally own the vehicle in which the vehicle's VIN was engraved into the catalytic converter.
