

**STATEMENT OF ARIEL "ARI" PE
CANDIDATE FOR MEMBER OF THE CITY COUNCIL,
3rd District
LAKEWOOD CITY GENERAL MUNICIPAL ELECTION**

Age: 52

Occupation: Lakewood Businessman

Lakewood deserves a proven leader with a fresh outlook for our community.

My roots run deep in Lakewood. I was raised in our community, where my wife Karmina and I are raising our daughter. I built my small business here in Lakewood and have worked with the community to build a stronger Lakewood.

I have a unique connection to the community, and I bring regional appeal that will help increase our quality of life. I have forged partnerships in the region that bring vital resources to Lakewood. Resources that will benefit our public safety officials to help them perform their jobs at a high level, a balanced budget to continue the needed services to increase our quality of life, and capital improvements to build a stronger infrastructure for our city.

As your Mayor, we have made significant progress, but there is more work to do. Together we will build upon our momentum to support our families, empower our neighborhoods, and promote better livability.

I am proud to have the support of Lakewood councilmembers Steve Croft and Todd Rogers. I would be honored to have your vote to continue building a stronger Lakewood.

One Community, One Family
